TITLE 3—THE PRESIDENT
EXECUTIVE ORDER 10314

CREATING AN EMERGENCY BOARD TO INVESTIGATE A DISPUTE BETWEEN THE PAN AMERICAN WORLD AIRWAYS, INC., AND CERTAIN OF ITS EMPLOYEES

WHEREAS a dispute exists between the Pan American World Airways, Inc., a carrier, and certain of its employees represented by the Transport Workers Union of America, CIO, a labor organization; and

WHEREAS this dispute has not heretofore been adjusted under the provisions of the Railway Labor Act, as amended; and

WHEREAS this dispute, in the judgment of the National Mediation Board, threatens substantially to interrupt interstate commerce, to a degree such as to deprive a section of the country of essential transportation service:

NOW, THEREFORE, by virtue of the authority vested in me by section 10 of the Railway Labor Act, as amended (45 U. S. C. 160), I hereby create a board of three members, to be appointed by me, to investigate the said dispute. No member of the said board shall be peculiarly or otherwise interested in any organization of employees or any carrier.

The board shall report its findings to the President with respect to the said dispute within thirty days from the date of this order.

In performing its functions under this order the board shall comply with the requirements of section 502 of the Defense Production Act of 1950, as amended.

As provided by section 10 of the Railway Labor Act, as amended, from this date and for thirty days after the board has made its report to the President, no change, except by agreement, shall be made by the Pan American World Airways, Inc., or its employees in the conditions out of which the said dispute arose.

TITLE 24—HOUSING AND HOUSING CREDIT

Chapter II—Federal Housing Administration, Housing and Home Finance Agency

Subchapter B—Property Improvement Loans

PART 203—TITLE I MORTGAGE INSURANCE; ELIGIBILITY REQUIREMENTS

PROPOSED CONSTRUCTION

Section 203.4 (b) is hereby amended to read as follows:

(b) *Proposed construction.* Applications filed for a firm or a conditional commitment with respect to proposed construction must be accompanied by the mortgagee's check for the sum of \$45 to cover the cost of processing by the Commissioner. If an application is refused as a result of preliminary examination by the Commissioner, the entire fee will be returned to the applicant, but no portion of the fee will be returned after further work has been performed following the preliminary examination except under the following circumstances:

(1) With respect to an application filed on or before December 31, 1951, \$20 will be retained by the Commissioner and the balance of such fee will be returned to the applicant if (i) the application is rejected by the Commissioner, or (ii) prior to the receipt of a request for the first compliance inspection as provided in the commitment, the Commissioner exercises the right of cancellation reserved in the commitment or cancels the commitment at the request of the mortgagee or after surrender of the commitment by the mortgagee, or (iii) the mortgage which is the subject of the application is endorsed for insurance by the Commissioner.

(2) With respect to an application filed after December 31, 1951, \$20 will be retained by the Commissioner and the balance of such fee will be returned to the applicant if the mortgage which is the subject of the application is endorsed for insurance by the Commissioner.

(Sec. 2, 48 Stat. 1246, as amended; 12 U. S. C. and Sup. 1703. Interprets or applies sec. 8, 64 Stat. 48; 12 U. S. C. Sup. 1706c)

PART 221—MUTUAL MORTGAGE INSURANCE; ELIGIBILITY REQUIREMENTS OF MORTGAGE COVERING ONE- TO FOUR-FAMILY DWELLINGS

FEE TO ACCOMPANY APPLICATION

Section 221.11 is hereby amended to read as follows:

§ 221.11 *Fee to accompany application.* (a) Applications filed for a firm or a conditional commitment with respect to existing construction must be accompanied by the mortgagee's check for the sum of \$20 to cover the cost of processing by the Commissioner. If an application is refused as a result of preliminary examination by the Commissioner, the entire fee will be returned to the applicant, but no portion of the fee

will be returned after further work has been performed following the preliminary examination.

(b) Applications filed for a firm or a conditional commitment with respect to proposed construction must be accompanied by the mortgagee's check for the sum of \$45 to cover the cost of processing by the Commissioner. If an application is refused as a result of preliminary examination by the Commissioner, the entire fee will be returned to the applicant, but no portion of the fee will be returned after further work has been performed following the preliminary examination except under the following circumstances:

(1) With respect to an application filed on or before December 31, 1951, \$20 will be retained by the Commissioner and the balance of such fee will be returned to the applicant if (i) the application is rejected by the Commissioner, or (ii) prior to the receipt of a request for the first compliance inspection as provided in the commitment, the Commissioner exercises the right of cancellation reserved in the commitment or cancels the commitment at the request of the mortgagee or after surrender of the commitment by the mortgagee, or (iii) the mortgage which is the subject of the application is endorsed for insurance by the Commissioner.

(2) With respect to an application filed after December 31, 1951, \$20 will be retained by the Commissioner and the balance of such fee will be returned to the applicant if the mortgage which is the subject of the application is endorsed for insurance by the Commissioner.

(c) If the application is made on behalf of a veteran of World War II, for the insurance of a mortgage to refinance an existing insured mortgage which is in default by reason of his military service, the fee herein provided may be waived by the Commissioner if he finds that the collection of such fee would be inequitable under the particular circumstances of the transaction.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 30, Supplemental
Regulation 3, Amdt. 2]

CPR 30—MACHINERY AND RELATED MANUFACTURED GOODS

SR 3—OPTIONAL POSTPONEMENT OF EFFECTIVE DATE FOR MANUFACTURERS OF CERTAIN COMMODITIES

STANDARD LINE TANKS

Pursuant to the Defense Production Act of 1950, as amended, (Pub. Law 774, 81st Cong., Pub. Law 96, 82d Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 2 to Ceiling Price Regulation 30, Supplementary Regulation 3 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to Supplementary Regulation 3 of Ceiling Price Regulation 30 extends at the option of the manufacturer the effective date of CPR 30 for fabricated standard line pressure and nonpressure, lined and unlined tanks.

Supplementary Regulation 3 extends for manufacturers whose commodities are covered the effective date of CPR 30, at their option. In general, the reasons stated in the Statement of Considerations to the supplementary regulation apply as well to this amendment. The Office of Price Stabilization has under consideration and is in the process of preparing regulations specially designed for the commodities affected by this action. As presently contemplated these regulations will include pricing techniques which differ from those set forth in CPR 30 and which are more specifically adapted to the practices of the tank industry. When CPR 30 becomes effective manufacturers will be required to compute their ceiling prices twice within a relatively short period of time unless they are relieved of the necessity of complying with that regulation. In order to avoid this burden upon the industry, it has been determined to extend the effective date of CPR 30 for a sufficient period to allow the specific regulations to be issued. Manufacturers affected by this amendment need not, if they so elect, make the provisions of CPR 30 effective as to them, but may determine their ceiling prices under the GCPR.

Formal consultation with representatives of industry has not been had but conference has been had with industry representatives and consideration was given their recommendations.

AMENDATORY PROVISION

Supplementary Regulation 3 to Ceiling Price Regulation 30 is amended as follows:

1. Section 1 (b) is amended to add the following new numbered subparagraph:

(3) Fabricated standard line metal pressure and non-pressure, lined and unlined tanks. This term includes: Non-pressure tanks—above ground, under ground and inside storage tanks; farm storage tanks, including skid tanks; gasoline storage tanks (excluding tanks used on automotive equipment); oil field bolted and welded tanks; septic tanks. Pressure tanks—air receiver tanks, anhydrous ammonia tanks; butane and propane tanks (L. P. gas) (excluding truck and trailer cargo tanks); gas meter tanks; hot water storage tanks (excluding range boilers and domestic water heaters); water softener and filter tanks. The term does not include ICC shipping containers and tanks which are components of machinery and other end-use products and are fabricated by the manufacturers of such machinery and end-use products.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 2 to Supplementary Regulation 3 to Ceiling Price Regulation 30 shall become effective December 17, 1951.

GOR 9—EXEMPTIONS OF CERTAIN INDUSTRIAL MATERIALS AND MANUFACTURED GOODS

TEMPORARY SUSPENSION OF APPLICATION OF CEILING PRICE REGULATIONS TO SALES OF CERTAIN NEW SHIPS BY SHIPBUILDERS AND TO REPAIR AND CONVERSION OF SHIPS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 11 to General Overriding Regulation 9 is hereby issued.

STATEMENT OF CONSIDERATIONS

On October 15, 1951, Amendment 7 to General Overriding Regulation 9 suspended the application of ceiling price regulations to sales and deliveries by the builder of certain new ships for sixty days from the effective date of Amendment 7. This suspension was also applicable to the repair and conversion of certain ships. This suspension was granted so that a tailored regulation suitable for the shipbuilding industry could be prepared and issued. Discussions with the Industry Advisory Committee relating to a pricing method suitable to the industry still continue, and it appears that such a tailored regulation cannot be issued by December 15, 1951, the date of the expiration of the suspension period. For this reason it has been decided to suspend the application of ceiling price regulations to sales and deliveries by the builder of certain new ships for sixty days after the effective date of this amendment, or such earlier date as may be specified by any regulation issued by the Office of Price Stabilization. This suspension will also cover repair and conversion of certain ships.

Before the issuance of this amendment consultation was had with various representatives of the shipbuilders industry and due consideration was given to their recommendations.

AMENDATORY PROVISIONS

1. Section 2 (b) (4) of General Overriding Regulation 9 is amended by deleting the words "for sixty days after the effective date of this amendment," and substituting the words "until February 13, 1952."

2. Section 2 (b) (5) is amended by deleting the words "for sixty days after the effective date of this amendment," and substituting the words "until February 13, 1952."

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective as of December 15, 1951.

CPR 5—IRON AND STEEL SCRAP

MISCELLANEOUS AMENDMENTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 6 to Ceiling Price Regulation 5 (16 F. R. 1051) is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment makes several changes in the provisions relating to electric furnace and foundry grades of steel to aid in the proper distribution of these grades of scrap to those consumers who require such grades in their operations.

Amendment 5 to Ceiling Price Regulation 5, issued October 23, 1951, among other things, revoked the authority previously granted to basic open hearth and blast furnace consumers to pay the premiums established for certain electric furnace and foundry grades when such material was allocated to them. It appears, however, that there are a few such consumers whose melting facilities or the metallurgical nature of whose product make it impractical for them to utilize open hearth and blast furnace grades of scrap and who must purchase electric furnace and foundry grades. These consumers have found it difficult, if not impossible, to purchase needed material because the regulation, as amended, prohibited their paying the established premiums.

This amendment embodies in CPR 5 provisions which will permit the Office of Price Stabilization to authorize, upon application, the payment of the premiums for electric furnace and foundry grades by any consumer who operates basic open hearth or blast furnaces if he shows that the physical characteristics of his furnace or the metallurgical nature of his product is such that he cannot operate without such grades. Any such authorization will be limited to the quantities needed by the applicant. It is believed that these provisions will enable the Office of Price Stabilization to alleviate the difficult circumstances in which some basic open hearth and blast furnace consumers now find themselves because of their inability to obtain needed scrap materials without causing the distortion in the movement of scrap which necessitated the actions taken in Amendment 5 to CPR 5. Since the number of consumers who can qualify under the new provisions will be small, no undue burden will result from the processing of applications.

Grade 30 (Hard steel), comprising hard automotive steel scrap, was established by Amendment 4 to CPR 5 to enable certain gray iron foundries requiring this type of material in their operation to obtain such scrap. It was recognized that scrap prepared in accordance with the specifications set forth in the regulation for foundry and electric furnace grades is generally unsuited to the operational needs of such consumers. However, it has come to the attention of

the Office of Price Stabilization that certain foundries and large casting producers whose facilities do not necessarily require hard steel, have been purchasing large tonnages of this grade and diverting it from consumers who cannot operate without such scrap. For this reason the language of section 3 (b) (6) is amended so as to require the consumer desiring to purchase such scrap to apply to OPS for permission to pay the premium price. Any such authorization will be limited to the quantities needed by the applicant. In the application the consumer must set forth, among other things, the reasons why he requires hard steel. In line with the recent reduction in differentials for foundry grades and adjustment in prices of No. 1 steel established by Amendment 5, the differential for grade 30 has been correspondingly reduced from plus 5 to plus 3 dollars over the base grade.

A typographical error in the trucking provision has also been corrected.

In formulating this regulation, the Director of Price Stabilization consulted with industry representatives, including trade association representatives, and gave consideration to their recommendations.

AMENDATORY PROVISIONS

Ceiling Price Regulation 5 is amended in the following respects:

1. Grade 30 in section 3 (a) (2) is amended to read as follows:

30. Hard steel cut 2 feet and under... +3.00

2. Section 3 (b) (4) is amended to read as follows:

(4) Unless authorization is received from the Office of Price Stabilization, the premiums established for Grades 11, 12, 13, 14, 15, 16, 17, 18, 20, and 21 may be charged only when sold for use in electric furnaces, acid open hearth furnaces, or foundries. No person shall charge, and no person shall pay, when purchasing such grades for use in basic open hearth or blast furnaces a price in excess of the ceiling price for the corresponding basic open hearth or blast furnace grades unless authorization is received from the Office of Price Stabilization. Any consumer who desires to use such grades in a basic open hearth or blast furnace may apply for authority to pay the premiums established therefor but such authorization will be granted only if he can show that the physical characteristics of his furnaces or the metallurgical nature of his product make it necessary for him to use such grades. Any application pursuant to this subparagraph must be filed with the Office of Price Stabilization, Industrial Materials and Manufactured Goods Division, Washington 25, D. C., and must contain the following information: The name and address of the applicant; a list of the grades he desires to use in his basic open hearth or blast furnaces; the location and number of such furnaces; a detailed statement of the reasons why he must use the grades covered by his application; a statement of the quantity of each such grade, if any, consumed by him in the furnaces covered by his application during each of the three

months in the second calendar quarter of 1951; an estimate of the quantity of each grade he desires to purchase during each month of the year 1952; if the monthly average of the estimated quantity desired during 1952 exceeds the monthly average quantity consumed in the second quarter of 1951, a statement of the reason for such excess; and the name and address of each person from whom the applicant proposes to purchase the grades covered by his application. Authority to pay the premiums established for the grades covered by any application filed pursuant to this subparagraph will be granted only if the physical characteristics of the applicant's furnaces or the metallurgical nature of his products are such that he cannot operate without such grades. Any authority granted pursuant to this subparagraph will be limited to the quantities needed by the applicant to operate the furnaces included in his application.

3. Section 3 (b) (6) is amended to read as follows:

(6) The price established for grade 30, (hard steel, cut 2 feet and under) may be charged only when sold and shipped to a gray iron foundry which has received authorization from the Office of Price Stabilization to pay such a premium; otherwise, the price may not exceed the price established for grade 20 (foundry steel, 2 feet and under).

Any person who operates a gray iron foundry and who desires to use hard steel may apply for authority to pay the premium established therefor but such authorization will be granted only if he can show that his melting practice and the nature of his product make it necessary for him to use this grade instead of other listed electric furnace and foundry grades. Any application pursuant to this subparagraph must be filed with the Office of Price Stabilization, Industrial Materials and Manufactured Goods Division, Washington 25, D. C., and must contain the following information: The name and address of the applicant; a detailed statement of the reasons why he must use hard steel in his operation; a statement of the quantity of hard steel, if any, consumed by him in the furnaces covered by his application during each of the three months in the second calendar quarter of 1951; an estimate of the quantity of each grade he desires to purchase during each month of the year 1952; if the monthly average of the estimated quantity desired during 1952 exceeds the average monthly quantity consumed in the second quarter of 1951, a statement of the reason for such excess; and the name and address of each person from whom the applicant proposes to purchase the grades covered by his application. Authority to pay the premium established for hard steel covered by any application filed pursuant to this subparagraph will be granted only if the applicant's melting practice and the nature of his product are such that he cannot operate without such grades. Any authority granted pursuant to this subparagraph will be limited to the quantities needed by the applicant to operate his furnace included in his application.

4. Section 13 (b) is amended to read as follows:

(b) When delivery of any prepared grade of iron or steel scrap is made in a truck owned or controlled by the shipper or broker the ceiling delivered price shall be the ceiling shipping point price (or on-line price in the case of steel scrap originating from operating railroads) as established by sections 4, 8, 10, or 11 of this regulation plus the published and applicable motor common carrier charge for transporting scrap from the shipping point to the consumer's receiving point. This charge for transporting scrap, however, may not exceed \$4.00 and need not fall below \$2.50 per gross ton. (Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective December 24, 1951.

NOTE: All record-keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

[Ceiling Price Regulation 22, Amdt. 5 to
Supplementary Regulation 12]

CPR 22—MANUFACTURERS' GENERAL CEILING PRICE REGULATION

SR 12—EXTENSION OF EFFECTIVE DATE FOR PARTICULAR COMMODITIES

ADDITIONAL COMMODITIES

Pursuant to the Defense Production Act of 1950, as amended (Pub. Law 774, 81st Cong., Pub. Law 96, 82nd Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 5 to Supplementary Regulation 12 to Ceiling Price Regulation 22 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to Supplementary Regulation 12 to Ceiling Price Regulation 22 adds a group of miscellaneous textile and related commodities to the list of commodities already covered by Supplementary Regulation 12. Although it is not now planned to issue individual tailored regulations covering all of these items, it appears desirable to allow manufacturers to continue to exercise their option of remaining under the General Ceiling Price Regulation as to such products pending further study to determine whether regulations other than Ceiling Price Regulation 22 would be better suited to them. There is reason to believe that some of these items can be placed under tailored regulations currently being considered for related textile products. Further study may also indicate that some of the commodities in the group might qualify for decontrol under the standards promulgated by the Agency.

Furthermore, many of the commodities covered by this amendment use raw materials whose prices have decreased from the dates used in Ceiling Price Regulation 22 for the purpose of computing cost increases. Consequently, further study of such items may indicate the advisability of later recomputations on the basis of these lower raw material costs. Until such time as this determination is made, it is felt unnecessary to have manufacturers compute ceiling prices which may be in effect for only a relatively short period of time in a market which is generally below the level of prices established by either the GCPR or CPR 22.

In the formulation of this amendment the Director has consulted with industry representatives to the extent practicable under existing circumstances.

AMENDATORY PROVISIONS

Section 1 (b) of Supplementary Regulation 12 to Ceiling Price Regulation 22 is amended by the addition of the following:

32. The following miscellaneous textile and related commodities when covered by Ceiling Price Regulation 22 and when manufactured from natural or synthetic fibers or from yarns or fabrics produced from such fibers:

Acoustic felts, wool
Applique, cloth or felt
Art goods for embroidering
Badges (made from fabric)
Bagging, jute for baling cotton
Bags, textile (except laundry bags)
Banners (made from fabrics)
Batting, cotton
Bedspreads
Bedspring covers (padded or quilted)
Bindings
Bobbinet
Braids and trimmings
Bridge sets
Burlap bags and other burlap products
Cases, cloth or felt
Clip spots or dots
Cloths, cleaning, polishing, wiping, and wash
Comforters
Cordage and rope and products 50 percent or more by weight of cordage
Cords (fabric)
Cotton bale covers
Covers, canvas (tarpaulins, truck, etc.)
Covers, fabric, including slip covers except glider, and excluding automobile seat covers
Curtains, including door, window, and shower
Cushions, decorative
Diapers
Dish cloths
Dollies and dolly sets
Draperies
Elastic tape, braid, cord
Emblems (made from fabrics and felts)
Embroidery products
Fabrics, non-woven, and products consisting of 50% or more by weight of such non-woven fabrics.
Felts produced from hair or jute or combination of these with wool or cotton
Filter cloths
Flags (made from textiles)
Flouncing
Fringe and ball fringe
Gimps
Hat and cap materials by the yard
Initials to sew or press on (not metal)
Insignias (not metal)
Ironing board pads, covers, and sets
Labels, woven
Lace: barzen, burnt-out, levers, Nottingham, warp knit
Lace goods

Laces: boot and shoe
Linen goods
Linens, cotton including bed
Lunch cloths
Napkins
Needlework, art
Nets, seines
Pads and padding, table (except rubber)
Pads, gauze, nursery
Pads, mattress protector (except rubber)
Parachutes
Pennants
Powder puffs
Quilts
Ribbons
Scarfs: furniture, table, dresser, piano, etc.
Tablecloths (except paper)
Tapes
Tapestries
Tents, canvas
Thread, fabric-covered rubber
Towels
Tracing cloth
Upholstery filling
Wadding, cotton
Webbing, elastic and non-elastic (braid and cord)
Welts, fabric
Wicking

33. The following commodities manufactured from paper when covered by Ceiling Price Regulation 22: Open mesh paper bags; woven paper fabrics used by the bag industry.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 5 to Supplementary Regulation 12 to Ceiling Price Regulation 22 shall become effective December 19, 1951.

CPR 93—CONSTRUCTION AND RELATED SERVICES AND SALES OF INSTALLED MATERIALS

CORRECTION OF TERMINOLOGY

Pursuant to the Defense Production Act of 1950, as amended (Public Law 774, 81st Congress, Public Law 96, 82d Congress), Executive Order 10161 (15 F. R. 6105) and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 1 to Ceiling Price Regulation 93 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment corrects the terminology used in section 1 (b) by deleting the words "a person" on lines 4 and 5 and again on lines 7 and 8 and substituting therefor the words "an individual man or woman." This substitution will restrict and distinguish the class exempted from the broader category included by the definition of "person" in section 1 (a). An additional change is made by the insertion of the words "or uses the construction services of" after the word "employs" on lines 5, 6 and 9, section 1 (b). This amplification excludes from the exemption granted by the section, partnerships and other cooperative relationships not definitely included by the word "employ."

AMENDATORY PROVISIONS

Ceiling Price Regulation 93, section 1 (b) is amended to read as follows:

(b) *Exemption.* Neither this regulation nor any other regulation heretofore or hereafter issued by OPS shall apply to the sale of construction services by an individual man or woman who neither employs or uses the construction services of one or more persons nor employs or uses the construction services of one or more subcontractors. If at any time, however, an individual man or woman who is exempted by this provision employs or uses the construction services of one or more persons or one or more subcontractors he or she is subject to this regulation and must comply with all of its provisions including the record-keeping and reporting requirements.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective December 24, 1951.

[Ceiling Price Regulation 107]

CPR 107—CEILING PRICES FOR PULPWOOD AND EXCELSIOR BOLTS PRODUCED IN MICHIGAN, MINNESOTA AND WISCONSIN

Pursuant to the Defense Production Act of 1950, as amended, (Pub. Law 774, 81st Cong., Pub. Law 96, 82nd Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Ceiling Price Regulation 107 is hereby issued.

STATEMENT OF CONSIDERATIONS

This regulation establishes dollar-and-cent ceilings for pulpwood produced in the States of Michigan, Minnesota, and Wisconsin. It applies to excelsior bolts as well as to pulpwood. Ceilings are set f. o. b. cars or on landings along the Great Lakes and connecting waterways, and methods are provided for the calculation of ceiling prices at other pricing points.

This regulation will control the prices paid for pulpwood by about 55 wood pulp mills, including 2 producers of insulation board, and excelsior bolts used by 8 plants producing excelsior, a shredded wood product. Thirty-five mills in Wisconsin use 60 percent of the pulpwood consumed in the area, 10 mills in Minnesota use 24 percent, and 10 mills in Michigan use 16 percent. The excelsior mills are about equally distributed between Michigan and Wisconsin and annually use 3 percent of the wood consumed in this area and covered by this regulation.

The Lake States represent the second oldest pulp producing area in the United States. The mills in this area originally limited their consumption of wood to softwood species which were available in adequate quantities within the area. When the area no longer was self-suf-

ficient, mills began to import wood from Canada, and in recent years have received between 20 and 25 percent of their wood supply from that country. Spruce and pine are the principal species purchased in Canada, imports of the former in 1950 representing 50 percent of the spruce received by mills, and imports of the latter representing about 30 percent of the pine received that year. In the last 10 years as the regional supply of softwoods continued to diminish, new processes and techniques permitting greater use of hardwoods have been developed and the use of such woods, particularly poplar, has steadily increased. The consumption of poplar increased from 174 thousand cords in 1940 to almost 750 thousand cords in 1950 when it represented 27 percent of total quantity of wood consumed. Ninety-five percent of the poplar is obtained within the Lake States area.

Approximately 70 percent of the total quantity of domestic wood consumed by these pulp mills is purchased in the form of rough wood and 30 percent, principally poplar, is purchased in peeled condition. All of the wood used by excelsior plants is purchased in peeled condition.

Because the mills in this area have been producing pulp over a long period of time, the quantity of wood—particularly softwoods—readily available from lands in close proximity to the mills is relatively small. Consequently, 70 percent of the wood is transported over a considerable distance by rail and only 30 percent by truck. In the period 1946 through 1949 the pulp mills in this area annually received about 2.8 million cords of wood from all sources, including about 670 thousand cords from Canada. Consumption of these mills was about 2.6 million cords. In 1950, due to the high demand for paper during the last half of that year, these mills used 2.8 million cords and received only 2.5 million cords, including 500 thousand cords from Canada. In the first 8 months of 1951 consumption of wood was at an annual rate of 3 million cords and while mill receipts were at an annual rate of 3.5 million cords, they are expected to decrease for the balance of 1951. The increase in receipts during 1951, though large, did not restore the normal mill inventories.

The sharp increase in consumption of wood subsequent to June 1950, caused mill inventories to decrease and made it necessary for mills which, in the Spring of 1950, had made contracts for their estimated needs for the year to make additional contracts for rough wood. It also caused mills to compete for the limited amount of peeled wood for which contracts had not been made. This situation in conjunction with increased equipment transportation and labor costs resulted in distortions in the area structure of prices for rough and peeled wood and in the price relationship between rough and peeled wood.

The ceiling price established in this regulation for spruce is equal to the weighted average of prices paid by mills for spruce in January 1951. Spruce is the key species in the price structure for pulpwood in this area. Therefore, the

ceiling prices for other species are related to the price for spruce so as to in general reflect the price relationships among individual species in June 1950. A modification of this principle was necessary for poplar and jack pine. The ceiling price established for poplar is \$14.00 per cord, or somewhat more than would have resulted had the exact price relationship between poplar and spruce in June 1950 been maintained. The price of \$14.00 per cord is established because in this area the demand for poplar exceeds the demand for any other species and, at the established price, poplar will be the lowest cost wood available to mills. To the extent the higher price generates additional amounts of poplar and mills are able to substitute poplar for imported wood and more costly domestic species, the average cost of wood to the mills will be lowered. The ceiling price for jack pine is \$18.00 per cord which is higher than would have resulted had the price relationship between jack pine and spruce in June 1950, been maintained. In establishing the ceiling price for jack pine recognition was given to the fact that Wisconsin mills, which purchase this species throughout the area and use 65 percent of the total quantity of jack pine consumed in the area, paid the same price for hemlock and jack pine in June 1950. Consequently, the prices for both hemlock and jack pine are set at \$18.00 per cord. A uniform differential of \$5.00 per cord for all species has been established between rough and peeled wood. This amount will be sufficient to encourage increased production of peeled wood and will cause savings in transportation and handling at the mill. Further, this differential will provide an additional incentive for the production of peeled poplar which is relatively easy to peel and normally grows in the highlands where working conditions are more satisfactory to the woodsmen.

In establishing higher ceiling prices for poplar cut into 55 inch lengths and purchased in cords of 147 cubic feet, consideration was given to the additional expenses incurred by the seller in sawing the wood and to the higher volume of solid wood received by the buyer due to the piling of shorter pieces.

Although the price for the basic species is at the GCPR level, the adjustments found necessary for some other species, as described above, result in an overall level slightly higher (about 4 percent) than prevailed under the GCPR.

The regulation sets uniform percentage commissions for dealers and traders, respectively, which are commensurate with the commissions currently charged in the area and will on the average yield to them a percentage margin over their costs of pulpwood and excelsior bolts customary during the period May 24 through June 24, 1950.

In the judgment of the Director of Price Stabilization, this regulation is generally fair and equitable and will effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended. So far as practicable, the Director has given due consideration to the national effort to achieve maximum

production and to relevant factors of general applicability. In the judgment of the Director, the ceiling prices established in this regulation for pulpwood are not below the lower of the prices prevailing just prior to the issuance of this regulation or the prices prevailing during the period January 25, 1951 to February 24, 1951, inclusive.

In formulating this regulation the Director has consulted with representatives of industry insofar as practicable and has given consideration to their recommendations.

Every effort has been made to conform this regulation to existing business practices, cost practices or methods, or means or aids to distribution. Insofar as any provisions of this regulation may operate to compel changes in the business practices, cost practices or methods, or means or aids to distribution, such provisions are found by the Director of Price Stabilization to be necessary to prevent circumvention or evasion of the regulation.

AUTHORITY: Sections 1 to 16 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101-2110, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

SECTION 1. What this regulation does. This regulation establishes dollar-and-cent ceiling prices and supersedes the General Ceiling Price Regulation and Ceiling Price Regulation 34, Services (see section 7) with respect to all sales and purchases of pulpwood and excelsior bolts cut from the stump in the States of Minnesota, Michigan and Wisconsin. However, if on or prior to the effective date of this regulation any pulpwood or excelsior bolts covered by this regulation have been received by a carrier, including a carrier owned or controlled by the seller, for shipment to the consumer or are in transit for delivery to the consumer by means of either railroad car or movement by water or truck, then the provisions of the General Ceiling Price Regulation and not this regulation shall apply.

SEC. 2. Ceiling prices for pulpwood and excelsior bolts. (a) (1) The ceiling prices per cord for pulpwood and excelsior bolts covered by this regulation shall not exceed the following delivered at the seller's expense; f. o. b. railroad cars; or on landings along the Great Lakes or connecting waterways for water transportation:

Species	Rough	Peeled
Spruce.....	\$25.00	\$30.00
Balsam fir.....	22.00	27.00
Jack pine.....	18.00	23.00
Hemlock.....	18.00	23.00
Tamarack.....	16.00	21.00
Poplar.....	14.00	19.00
Poplar ¹	16.80	21.80
White birch.....	15.00	20.00
Miscellaneous hardwoods.....	13.00	18.00

¹ For 147 cubic feet of properly piled poplar in 55-inch lengths.

(2) **Pulpwood or excelsior bolts delivered to mill by seller.** When you deliver pulpwood or excelsior bolts by truck at your expense to a consumer's mill, an amount not in excess of \$1.50 per cord may be added to the ceiling prices set forth in subparagraph (1) above. Delivery to a consumer's mill is effected when pulpwood or excelsior bolts are delivered by you to a yard or piling area adjacent or contiguous to the consumer's pulp or excelsior mill.

(3) **Storage of pulpwood or excelsior bolts at railroad landing.** When you deliver pulpwood or excelsior bolts by a truck or other conveyance to a buyer at your expense at a railroad landing and put it into storage there instead of loading it directly on railroad cars, you shall deduct an amount of not less than \$1.50 per cord from the ceiling prices set forth in subparagraph (1) of this section. When said pulpwood or excelsior bolts are later picked up and loaded on railroad cars, an amount of not more than the amount deducted per cord may be paid to the loader for the loading operation.

(4) **Pulpwood or excelsior bolts unloaded by buyer.** When you deliver pulpwood or excelsior bolts by a truck or other conveyance to a consumer at your expense at a railroad landing and the pulpwood or excelsior bolts are unloaded by the consumer and loaded on railroad cars by him, an amount not less than \$0.50 per cord shall be deducted from the ceiling prices set forth in subparagraph (1) of this section.

(5) **Roadside prices for pulpwood or excelsior bolts.** When you sell pulpwood or excelsior bolts at roadside as defined in section 16 (a) (12), your ceiling price is determined by deducting from the appropriate ceiling price set forth in subparagraph (1) or in subparagraph (1) plus subparagraph (2) above not less than the amounts shown in the table below for distances hauled from roadside. These amounts are minimum per cord deductions to cover the expenses of the purchaser, who may be either a trader, dealer or consumer, for loading the pulpwood or excelsior bolts on a truck or other conveyance and completing its delivery to either f. o. b. cars, landings along the Great Lakes or connecting waterways or the consumer's mill. (For example, when you sell rough spruce at roadside to either a trader, dealer or consumer which must be delivered 40 miles by truck to the consuming mill, the price to be adjusted is \$26.50 per cord—\$25.00 as per subparagraph (1) plus \$1.50 as per subparagraph (2). This subparagraph (5) provides that when wood covered by this regulation is hauled a distance of 35 to 45 miles from road-

side, you shall deduct \$5.50 per cord from \$26.50. Therefore, your roadside price is \$21.00 per cord. If you sell rough spruce at roadside to either a trader, dealer or consumer which must be delivered 18 miles to a f. o. b. car point, or a landing along the Great Lakes, the price to be adjusted is \$25.00 as listed in subparagraph (1). This subparagraph (5) provides that when this wood is hauled a distance of 15 to 20 miles from roadside, you shall deduct \$4.00 per cord from \$25.00. Therefore, your roadside price is \$21.00 per cord.)

Minimum amounts
to be deducted
(per cord)

Distance hauled: ¹	
Up to 10 miles.....	\$3.00
10 to 15 miles.....	3.50
15 to 20 miles.....	4.00
20 to 25 miles.....	4.50
25 to 35 miles.....	5.00
35 to 45 miles.....	5.50
45 to 55 miles.....	6.00
55 to 65 miles.....	6.50
65 to 75 miles.....	7.00

¹ Extension of this table for distances beyond 75 miles shall be accomplished by adding to \$7.00 per cord an amount of not less than 50 cents per cord for each 15 miles or fraction thereof beyond a 75-mile haul.

(b) **Netting or mesh wire for railroad loading.** When netting or mesh wire is required by the loading rules of the railway companies for the protection of the load, such netting or mesh wire, or substitute material acceptable to the railway companies may be furnished by the consumer, but the labor of applying it to the load shall be at the expense of the seller.

(c) **Specifications.** Ceiling prices established herein are for pulpwood or excelsior bolts of top quality prepared to conform with the consumer's standard specifications. All trade practices and customs with respect to cull wood of any kind must be observed.

SEC. 3. Commissions. (a) When a consumer buys pulpwood or excelsior bolts from a dealer as defined in section 16 (a) (4), such consumer may pay such dealer, in addition to the ceiling price per cord provided in section 2, a commission not to exceed 7 percent of the appropriate ceiling price or 7 percent of the actual sale price where the sale price is lower than the ceiling price at the point where the pulpwood or excelsior bolts are sold to the consumer. If a consumer or dealer buys pulpwood or excelsior bolts from a trader as defined in section 16 (a) (18), such consumer or dealer may pay such trader, in addition to the ceiling price per cord provided in section 2, a commission not to exceed 3 percent of the appropriate ceiling price or 3 percent of the actual sale price where the sale price is less than the ceiling price at the point where the pulpwood or excelsior bolts are sold to the consumer or dealer.

(b) In no event shall a dealer's or trader's commission be paid to or shared with any other person, except that a dealer may pay a trader a trader's commission out of his dealer's commission.

(c) A trader's commission must be withheld by the consumers or dealers involved until such trader sells and delivers at least 500 cords of wood covered by

this regulation during each operating season, as defined in section 16 (a) (7), to said consumers or dealers. Thereupon, the trader may be paid a commission at the rate of 3 percent of the actual sale price if the sale was made below the appropriate ceiling price, or 3 percent of the appropriate ceiling price on the first 500 cords delivered plus any additional cordage delivered in that operating season. A dealer's commission must be withheld by the consumer or consumers until such dealer sells and delivers at least 5,000 cords of wood covered by this regulation during each operating season to said consumer or consumers. Thereupon, the dealer may be paid a commission at the rate of 7 percent of the actual sale price if the sale is made below the appropriate ceiling price, or 7 percent of the appropriate ceiling price upon the first 5,000 cords delivered plus any additional cordage delivered in that operating season.

(d) When commissions are sought to be paid to either a trader or dealer, the buyer may rely on letters or copies of sales records from other consumers or buyers to the seller in question indicating that said seller has met the requirements of a trader or dealer.

(e) Nothing in this regulation prohibits the payment of a dealer's or trader's commission in escrow to a bank or other holder satisfactory to both parties, to be paid to such dealer or trader if and when such dealer or trader shall have qualified under the requirements of this regulation.

SEC. 4. Less than ceiling prices. Lower prices or commissions than those set forth in sections 2 and 3 of this regulation may be charged, demanded, paid or offered.

SEC. 5. Adjustable pricing. Nothing in this regulation prohibits you from making a contract or offer to sell at (a) the ceiling price in effect at the time of delivery, or (b) the lower of a fixed price or the ceiling price in effect at the time of delivery. You may not, however, deliver or agree to deliver at a price to be adjusted upward in accordance with any increase in ceiling prices after delivery.

SEC. 6. Sales between consumers. When one consumer sells and delivers wood covered by this regulation to another, the ceiling price shall not exceed the actual cost of the wood to the seller plus the actual transportation cost involved in moving it to the buyer.

SEC. 7. Logging services. (a) Any person may sell and any person may buy one or more logging services in connection with pulpwood and excelsior bolts to be sold under this regulation at prices acceptable to both parties: *Provided, however,* That the total of all the prices paid for the individual partial operations which comprise the complete operation, plus the stumpage, shall not exceed the appropriate ceiling prices established under this regulation and that the wage rates paid for the performance of such services shall not exceed the legal rates authorized by the Wage Stabilization Board. Where logging services are performed on mill-owned or controlled stumpage, the rates, fees, charges or

prices for such services are governed by Ceiling Price Regulation 34, Services.

(b) Logging services include all services in connection with the production and transportation of pulpwood or excelsior bolts. They include, but are not limited to, road and camp construction, felling, bucking, skidding, peeling, loading and unloading, and trucking. They also cover transportation of gravel, materials, machinery, equipment and the like when performed solely in connection with a logging operation. They do not include services rendered in connection with wood covered by this regulation after it is sold to the consumer.

SEC. 8. Mixed shipments. If a shipment or load contains a mixture of species of wood covered by this regulation, its ceiling price per cord shall be computed by using the price of the lowest priced species contained in the shipment, unless the different species are divided by stakes in a good and workmanlike manner. If the different species are so divided, the appropriate ceiling price may be applied to the cord amounts of each species.

SEC. 9. Records and reports. (a) On and after the effective date of this regulation, when you sell or in the course of trade purchase wood covered by this regulation, you shall prepare and preserve for inspection by the Director of Price Stabilization for a period of two years, records or invoices of each sale or purchase which show at least the following:

(1) Name and address of seller and buyer.

(2) Date of sale or purchase.

(3) Exact pricing point at which seller completed delivery such as:

(i) F. O. B. cars on _____ siding on _____ railroad.

(ii) Great Lakes or connecting waterway landing at _____

(iii) Delivered to consumer's mill yard at _____

(iv) Dumped on landing at _____ siding on _____ railroad.

(v) Delivered on trucks, but unloaded by the consumer at siding on _____ railroad, and state whether transferred to railroad cars or to storage piles.

(vi) Along truck roads in piles whose locations geographically are to be identified by listing the "forty" section, town and range according to the government survey maps of the area in question, and average distance in miles of piles from railroad siding or consumer's mill yard.

(4) Species; whether rough or peeled; log length.

(5) Quantity bought or sold of peeled or rough pulpwood or excelsior bolts by species and log length.

(6) Prices including commissions or discounts received or paid, and all other direct or indirect considerations received or given.

(7) Warranties, if any, given or received.

(8) Origin and destination of shipment.

(b) *Records for pulpwood or excelsior bolts stored at landings.* When you buy pulpwood or excelsior bolts laid down on any landing for temporary storage for

any reason or for any period of time, you shall keep for OPS inspection for two years orderly and currently up-to-date records of receipts, withdrawals, and inventory, signed by your responsible representatives. This responsible representative may be a qualified scaler, supervisor or higher ranking individual in your employment and for whose proper performance of duties you assume liability.

(c) All records required by section 16 (a) of the General Ceiling Price Regulation shall be preserved, and, for the period specified in section 16 (b) of the same regulation, all records required by section 16 (b) which relate to sales of wood covered by this regulation made between January 26, 1951 and the effective date of this ceiling price regulation shall also be preserved.

SEC. 10. Penalties. If you violate any provision of this ceiling price regulation you are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided by the Defense Production Act of 1950, as amended.

SEC. 11. Petitions for amendment. If you wish to have this regulation amended, you may file a petition for amendment in accordance with the provisions of Price Procedural Regulation 1, Revised (16 F. R. 4974).

SEC. 12. Interpretations. If you have any doubt as to the meaning of this regulation, you should write to the District Counsel of the proper Office of Price Stabilization District Office for an interpretation. Any action taken by you in reliance upon and in conformity with a written official interpretation will constitute action in good faith pursuant to the regulation. Further information on obtaining official interpretations is contained in Price Procedural Regulation 1.

SEC. 13. Prohibitions. (a) You shall not do any act prohibited or omit to do any act required by this regulation, nor shall you offer, solicit, attempt or agree to do or omit to do any such acts. Specifically, (but not in limitation of the above), you shall not, regardless of any contract or other obligation, sell, and no person in the course of trade or business shall buy from you, pulpwood or excelsior bolts cut from the stump in the States of Michigan, Minnesota and Wisconsin at a price higher than the ceiling prices established by this regulation and you shall keep, make and preserve true and accurate records and reports required by this regulation.

(b) *Sales involving wholly-owned subsidiary of a consumer.* For the purposes of this regulation a sale to a wholly-owned subsidiary of a consumer may be considered as a sale to the consumer. This regulation and the General Ceiling Price Regulation shall not apply to pulpwood or excelsior bolts sold to a consumer by its wholly-owned subsidiary.

SEC. 14 Stumpage. This ceiling price regulation and the General Ceiling Price Regulation shall not apply to sales of stumpage or to leases, licenses, or other contractual obligations pertaining to the right of a person to sever timber (stump-

age) from the stump on the land of another person in accordance with the provisions of Supplementary Regulation 17 to the General Ceiling Price Regulation.

SEC. 15. Evasions. Any means or device which results in obtaining indirectly a higher price than is permitted by this regulation or in concealing or falsely representing information as to which this regulation requires records to be kept is a violation of this regulation. This prohibition includes, but is not limited to, means or devices making use of illegal commissions, advances, services, cross sales, transportation arrangements, premiums, discounts, special privileges, up-grading, tie-in agreements and trade understandings, as well as the omission from records of true data and the inclusion in records of false data.

SEC. 16. Definitions. (a) When used in this ceiling price regulation, the term:

(1) "Consumer" includes any person who purchases pulpwood or excelsior bolts for his own consumption, but for the purposes of this regulation, a wholly-owned subsidiary of a consumer may be considered to be a consumer.

(2) "Cords" means a quantity of pulpwood or excelsior bolts (whether peeled or rough) which when properly prepared and piled occupies a space of not less than 128 cubic feet nor more than 133½ cubic feet. When pulpwood or excelsior bolts are sold in the form of logs the log rule commonly in use in the area where the wood is cut will be used to determine the cubical content of such logs and the conversion ratio commonly used in the area will be used in converting log scale to cords.

(3) "Culls" means decayed sticks of wood or sticks otherwise unsuited for manufacture into woodpulp, shredded wood or defibered wood.

(4) "Dealer" means any person who has title to pulpwood or excelsior bolts he sells to consumers and who sells and delivers not less than 5000 cords of wood covered by this regulation to consumers in the operating season which will end April 30, 1952 or who shall sell and deliver to consumers not less than 5000 cords of such wood during any operating season thereafter: *Provided, however,* That no dealer shall receive a dealer's commission on wood covered by this regulation sold and delivered prior to the operating season in which he qualified as a dealer.

(5) "Excelsior bolt" means any of the species of wood covered by this regulation used for manufacture into shredded wood products.

(6) "F. O. B. railroad car" means pulpwood or excelsior bolts loaded on railroad cars at the seller's expense.

(7) "Operating season" means that period from the first day of May in one year through the last day of April in the next succeeding year.

(8) "Peeled pulpwood or excelsior bolts" includes any pulpwood or excelsior bolts from which the bark has been removed by any process; such as sap peeling, hand shaving or any mechanical means prior to its delivery to a consumer.

(9) "Person" includes an individual, corporation, partnership, association, or

any other organized group of persons or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other Government or any of its political subdivisions, or any agency of the foregoing.

(10) "Pulpwood" means any Spruce (*Picea* sp.); Balsam fir (*Abies balsamea*); Hemlock (*Tsuga canadensis*); any Pine (*Pinus* sp.); Tamarack (*Larix laricina*); any Poplar (*Populus* sp.); White birch (*Betula papyrifera*); and any other miscellaneous hardwoods (northern deciduous broadleaf species) used for manufacture into woodpulp and defibered wood products.

(11) "Railway landing" means the land within three hundred feet of a serviceable railway siding, spur track, passing track or loading track.

(12) "Roadside" means points where pulpwood or excelsior bolts are piled as close to a maintained public highway as state law or county or other local ordinance permits. Highways similar to those which are maintained at town, county or state expense and suitable for movement of fully loaded vehicles during at least 6 months of the year are considered public highways. In all instances where wood covered by this regulation is sold at roadside, it must be possible for trucks to load and carry away a normal truckload of wood from the loading point to destination without assistance.

(13) "Rough pulpwood" or "excelsior bolts" means pulpwood or excelsior bolts from which the bark has not been removed.

(14) "Sell" includes sell, supply, dispose, barter, exchange, lease, transfer, deliver and contracts and offers to do any of the foregoing. The terms buy or purchase shall be construed accordingly.

(15) "Seller" includes any person who sells pulpwood or excelsior bolts.

(16) "Shipment" means an amount of pulpwood or excelsior bolts delivered at a single time to a purchaser; or to a common carrier for delivery to a purchaser, pursuant to the terms of any contract or agreement between a seller and a purchaser.

(17) "Stumpage" means a tree whether green or dead, standing or down, of all species, classes and sizes where the tree has not been severed from the stump.

(18) "Trader" means any person who has title to pulpwood or excelsior bolts he sells to consumers or dealers and who sells and delivers not less than 500 cords of wood covered by this regulation to consumers or dealers in the operating season which will end April 30, 1952, or who shall sell and deliver to consumers or dealers not less than 500 cords of such wood during any operating season thereafter: *Provided, however,* That no trader shall receive a trader's commission on wood covered by this regulation sold and delivered prior to the operating season in which he qualified as a trader.

(19) "Wholly-owned subsidiary of a consumer" includes any duly organized corporation whose entire capital stock is owned by one or more consumers.

(20) "You" means the person subject to this regulation. "Your" and "Yours" are construed accordingly.

Effective date. This Ceiling Price Regulation 107 shall become effective December 24, 1951.

NOTE: The record keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

[General Overriding Regulation 23]

GOR 23—TERRITORIAL EXEMPTIONS

Pursuant to the Defense Production Act of 1950, as amended (Pub. Law 774, 81st Cong., Pub. Law 96, 82d Cong.), Executive Order 10161, (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this General Overriding Regulation 23 is issued.

STATEMENT OF CONSIDERATIONS

This General Overriding Regulation provides that no regulation of the Office of Price Stabilization heretofore issued applies to any of the territories and possessions of the United States, except Alaska, Guam, Hawaii, Puerto Rico, and the Virgin Islands.

These five are the most populous of the United States' territories and possessions and are the only ones in which the Office of Price Stabilization presently has a local staff.

A number of regulations which have been issued have been made applicable to all the territories and possessions of the United States. It has now been determined that the regulations which have been issued have little, if any, applicability in the possessions other than the five named above. The economies of the other possessions are such that there are no substantial internal inflationary pressures. Whatever inflationary pressure there is can be much more economically and efficiently curbed locally, than by the imposition and administration of Office of Price Stabilization regulations. The development of local price staffs to administer these regulations is clearly not warranted.

Because of the nature of this action it has not been practicable to consult with the industries or trades involved. In formulating this regulation, however, the Director has conferred with the Secretary of the Interior, and this General Overriding Regulation represents their agreement on this subject.

REGULATORY PROVISIONS

ARTICLE I—EXEMPTION OF CERTAIN TERRITORIES AND POSSESSIONS

Sec.

1.1 What this article does.

1.2 Exemption of territories and possessions.

1.3 Definitions.

AUTHORITY: Sections 1.1 to 1.3 issued under sec. 704, 64 Stat. 816, as amended; 50

U. S. C. App. Sup., 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101-2110. E. O. 10161, Sept. 9, 1950, 15 F. R. 6105.

ARTICLE I—EXEMPTION OF CERTAIN TERRITORIES AND POSSESSIONS

SECTION 1.1 *What this article does.* This article exempts all of the territories and possessions of the United States, except Alaska, Guam, Hawaii, Puerto Rico, and the Virgin Islands, from any ceiling price regulations previously issued by the Office of Price Stabilization.

SEC. 1.2 *Exemption of territories and possessions.* Notwithstanding the provisions of any ceiling price regulation issued prior to December 24, 1951, no such regulation shall apply in any of the territories and possessions of the United States except the following:

- a. Alaska.
- b. Guam.
- c. Hawaii.
- d. Puerto Rico.
- e. Virgin Islands.

SEC. 1.3 *Definitions.* "Ceiling price regulation" means the General Ceiling Price Regulation and any other ceiling price regulation issued by the Office of Price Stabilization, or any amendment or supplementary regulation thereto, or order issued thereunder, or any other regulation or order issued by the Office of Price Stabilization.

Effective date. This General Overriding Regulation 23d is effective December 24, 1951.

Chapter IV—Salary and Wage Stabilization, Economic Stabilization Agency

Subchapter A—Salary Stabilization Board
[General Salary Order No. 7]

GSO 7—CHRISTMAS OR YEAR-END BONUSES NOT EXCEEDING FORTY DOLLARS IN VALUE IN THE ABSENCE OF A PRIOR PRACTICE

STATEMENT OF CONSIDERATIONS

The Wage Stabilization Board has heretofore authorized distribution in 1951 of "Christmas or year-end bonuses", not exceeding \$40 in value, by employers who made no similar distribution in prior years. The purpose of this order is to authorize similar distribution to employees subject to the jurisdiction of the Salary Stabilization Board.

SECTION 1. *Christmas or year-end distributions not exceeding \$40.* An employer may, in the calendar year 1951, distribute, at Christmas or the year end, to any of his employees subject to the jurisdiction of the Salary Stabilization Board an amount, either in cash or in kind, not exceeding \$40, even though no similar distribution was made in any previous year. Such a distribution shall

not be considered salary or bonus for the purpose of any salary stabilization regulation.

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-16, Amended Dec. 17, 1951]

M-16—DISTRIBUTION OF COPPER RAW MATERIALS

This amendment to NPA Order M-16, as last amended July 13, 1951, is found necessary and appropriate to promote the national defense and is issued pursuant to the authority granted by the Defense Production Act of 1950, as amended. In the formulation of the amendment of this order there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. However, consultation with representatives of all trades and industries affected in advance of the issuance of this amendment has been rendered impracticable due to the necessity for immediate action and because the amendment affects a large number of different trades and industries.

This amendment affects NPA Order M-16 as follows: The definitions of "copper wire mill products," "brass mill products," "foundry products," "refined copper," and "other copper-base alloy scrap" have been changed, and a new definition of "powder mill products" has been added. Section 3 has been amended and two new paragraphs added. Sections 5, 6, 7, 8, 9, and 11 have been amended. As so amended, NPA Order M-16 reads as follows:

Sec.

1. What this order does.
2. Definitions.
3. Acceptance of delivery of copper raw materials.
4. Restrictions on disposal of scrap.
5. Restrictions on inventory accumulations.
6. Restrictions on toll agreements.
7. Authorizations and directives.
8. Applications for adjustment or exception.
9. Records and reports.
10. Communications.
11. Violations.

AUTHORITY: Sections 1 to 11 issued under sec. 704, 64 Stat. 816, Pub. Law 96, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 96, 82d Cong.; 50 U. S. C. App. Sup. 2071; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; secs. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789.

SECTION 1. *What this order does.* The purpose of this order is to regulate the acceptance, delivery, and distribution of all copper raw materials (whether on toll agreements or otherwise) so as to provide an equitable distribution of such materials. It sets forth the classes of persons who may receive such materials without specific authorization from the National Production Authority and the types of copper raw materials such persons may so receive, and provides for application by all other persons to the National Production Authority for specific written authorization. It also limits toll agreements covering scrap and prohibits undue accumulation of scrap.

SEC. 2. Definitions. As used in this order:

(a) "Person" means any individual, corporation, partnership, association, or any other organized group of persons, and includes any agency of the United States or any other government.

(b) "Copper" means unalloyed copper, including electrolytic copper, fire-refined copper, and all unalloyed copper in any form.

(c) "Copper-base alloy" means any alloy in the composition of which the percentage of copper metal equals or exceeds 40 percent by weight of the metallic content of the alloy. It includes fired and demilitarized cartridge and artillery cases, and all copper-base alloy in any form. It does not include alloyed gold produced in accordance with U. S. Commercial Standard CS 67-38.

(d) "Scrap" means all copper or copper-base alloy materials or objects which are the waste or byproduct of industrial fabrication, or which have been discarded on account of obsolescence, failure, or other reason.

(e) "Copper wire mill product" means uninsulated or insulated wire and cable, whatever the outer protective coverings may be, made from copper or copper-base alloy, and also copper-clad steel wire containing over 20 percent copper by weight, regardless of end use. All copper wire mill products should be measured in terms of pounds of copper content.

(f) "Brass mill products" means copper and copper-base alloys in the following forms: sheet, plate, and strip in flat lengths or coils; rod, bar, shapes, and wire, except copper wire mill products; and rolled anodes, seamless tube, and pipe. Straightening, threading, chamfering and cutting to width and length, and reduction in gage, do not constitute changes in form of brass mill products except as determined by NPA. The following related products which have been produced by a change in form of brass mill products are not included in the definition of brass mill products:

Circles.
Discs.
Cups.
Blanks and segments.
Forgings.
Welding rod, 3 feet or less in length.
Rotating bands.
Tube and nipples—welded, brazed, or mechanically seamed.
Formed flashings.
Engravers' copper.

Allotments for the purpose of producing such related products shall be in terms of the estimated weight of the brass mill product from which such related product is made.

(g) "Foundry product" means cast copper or copper-base alloy shapes and forms suitable for ultimate use without remelting, rolling, drawing, extruding, or forging. (The process of casting includes the removal of gates, risers, and sprues, and sandblasting, tumbling, or dipping, but does not include any further machining or processing. For centrifugal castings the process includes the removal of the rough cut in the inner or outer diameter, or both, before delivery to a customer. Castings include anodes cast in a foundry or by an ingot maker).

(h) "Powder mill products" means copper or copper-base alloy in the form of granular or flake powder.

(i) "Copper raw materials" as used in this order includes the following materials as defined below:

(1) "Refined copper"—Copper metal which has been refined by any process of electrolysis or fire-refining to a grade and in a form suitable for fabrication, such as cathodes, wire bars, ingot bars, ingots, cakes, billets, or other refined shapes. This does not include copper-base alloy ingot, brass mill castings, intermediate shapes, anodes, powder mill products, copper wire mill products, brass mill products, or foundry copper or copper-base alloy products.

(2) "Brass mill scrap"—Uncontaminated scrap which is the waste or by-product of the production or industry fabrication of brass mill products or copper wire mill products. It includes uncontaminated fired and demilitarized cartridge and artillery cases.

(3) "Other copper-base alloy scrap"—Alloyed copper scrap other than brass mill scrap. It includes contaminated fired and demilitarized cartridge and artillery cases.

(4) "Other unalloyed copper scrap"—Unalloyed copper scrap other than brass mill scrap.

(5) "Fired and demilitarized cartridge and artillery cases"—Fired and demilitarized cartridge and artillery cases which have been manufactured from brass mill products and are not contaminated.

(6) "Brass mill casting"—A copper-base alloy casting, from which brass mill or intermediate shapes may be rolled, drawn, or extruded, without remelting.

(7) "Copper-base alloy ingot"—A copper-base alloy used in remelting, alloying, or deoxidizing operations.

(8) "Copper or copper-base alloy shot and waffle"—Shot or waffle produced from copper or copper-base alloy, and to be used in remelting, alloying, deoxidizing, or chemical operations.

(9) "Intermediate shape"—Any product which has been rolled, drawn, or extruded, from refined copper or brass mill castings, and which will be rerolled, redrawn, insulated, or further processed into finished brass mill or copper wire mill products by other producers of copper or copper-base alloy controlled materials.

(10) "Copper precipitates (or cement copper)"—Copper metal precipitated

from mine water by contact with iron scrap, tin cans, or iron in other forms.

Sec. 3. Acceptance of delivery of copper raw materials. (a) Commencing August 1, 1951, no person may accept delivery of any copper raw materials, including those which are processed on a toll basis in accordance with section 6 of this order, except railroad engine castings and car journal bearings pursuant to section 6 (b) of this order or except as specifically authorized in writing by the National Production Authority: *Provided, however,* That a person listed in column (A) of the table set forth at the end of this paragraph may accept delivery of the copper raw materials specified in the corresponding section of column (B) of the table without such written authorization. In those sections of column (B) where no copper raw material is specified but a form is indicated, persons desiring copper raw materials shall apply on such form for written authorization not later than the

tenth day of the month preceding the month in which delivery is sought. Notwithstanding the provisions of this paragraph, foundries using less than 10,000 pounds of copper raw materials per month shall apply on Form NPAF-83 on or before January 10, 1952, for an allocation for the second and third calendar quarters of 1952, and on or before July 10, 1952, for an allocation for the fourth quarter of 1952 and the first quarter of 1953. Foundries using 10,000 pounds or more, but less than 100,000 pounds, of copper raw materials per month shall apply for quarterly allocations on Form NPAF-83 by the tenth day of the month preceding the first, second, third, and fourth calendar quarters of 1952. Foundries using 100,000 pounds or more of copper raw materials per month shall apply on Form NPAF-83 by the tenth day of the month preceding that in which delivery is sought. Such application must furnish all information required by the form.

(A)	(B)
(1) Refiner—Any person who produces refined copper. This includes any person who converts copper-clad or copper-base, or copper-base alloy-clad steel scrap into refined copper.	(1) Other unalloyed copper scrap; other copper-base alloy scrap; refined copper.
(2) Scrap dealer and broker—Any person regularly engaged in the business of buying and selling scrap, but who does not melt such scrap.	(2) Other unalloyed copper scrap ¹ ; other copper-base alloy scrap ¹ ; brass mill scrap ¹ ; contaminated fired and demilitarized cartridge and artillery cases. ¹
(3) Jobber dealer—Any person who receives physical delivery of refined copper, copper-base alloy ingot, or copper or copper-base alloy shot, and sells or holds the same for sale without change in form.	(3) None (apply on Form NPAF-83).
(4) Exporter—Any person who exports copper raw materials.	(4) None (apply on Form NPAF-83 and give export license number).
(5) Brass mill—Any person who produces brass mill products, brass mill castings, or intermediate shapes.	(5) None (apply on Form NPAF-83).
(6) Copper wire mill—Any person who produces copper wire mill products or intermediate shapes.	(6) None (apply on Form NPAF-83).
(7) Brass and bronze foundry—Any person who produces foundry copper or copper-base alloy products.	(7) None ² (apply on Form NPAF-83).
(8) Ingot maker—Any person who produces copper-base alloy ingot for delivery as such.	(8) None ² (apply on Form NPAF-83).
(9) Miscellaneous producer—Any person, not falling in one of the classes described above, who requires copper raw materials in his regular production operation. Examples: Chemical plants, iron foundries, aluminum foundries, electrotypers, producers of copper and copper-base alloy powder.	(9) None (apply on Form NPAF-83).
(10) Scrap generator—Any person, other than a scrap dealer, who in his normal operations generates or accumulates scrap or copper-clad or copper-base alloy-clad steel scrap, but who is not in the business of producing copper raw materials, copper wire mill products, brass mill products, powder mill products, or foundry copper or copper-base alloy products.	(10) None.
(11) All other persons.	(11) None.

¹ See also section 5 (b) of this order.

² Foundries and ingot makers may exchange among themselves, and with each other, copper-base alloy ingot on an equivalent copper content basis without charging such deliveries against their authorizations.

(b) Any person who receives written authorization to accept delivery of copper raw materials shall furnish to his supplier a signed certification in substantially the following form:

The undersigned certifies, subject to statutory penalties, that acceptance of delivery

of the copper raw materials herein ordered is permitted pursuant to NPA Authorization No. _____

This certification constitutes a representation by the purchaser to the seller, and to the National Production Authority, that delivery of the copper raw

materials may be accepted by the purchaser pursuant to the indicated written authorization.

(c) Notwithstanding the provisions of paragraph (a) of this section, a person may, during the calendar quarter commencing July 1, 1951, and each calendar quarter thereafter, receive copper raw materials without specific authorization of the National Production Authority, provided:

(1) That his total receipts of all copper raw materials from all sources during that calendar quarter do not exceed 300 pounds copper content, and

(2) That he furnishes to the person who supplies the material a signed certification in substantially the following form:

The undersigned hereby certifies, subject to statutory penalties, that receipt of the copper raw materials herein ordered in the calendar quarter requested will not bring his total receipts during that quarter above 300 pounds copper content.

This certification constitutes a representation by the purchaser to the seller, and to the National Production Authority, that delivery of such copper raw materials may be accepted by the purchaser pursuant to this order.

(d) Except with the written permission of the National Production Authority (1) no refiner, scrap dealer, jobber dealer, ingot maker, or other person dealing in copper raw materials, may deliver any copper raw materials to a refiner, scrap dealer, or broker, except the type of copper raw materials that such refiners, scrap dealers, or brokers are permitted to receive without authorization pursuant to paragraph (a) of this section, and (2) no person shall deliver copper raw materials to any person other than a refiner, scrap dealer, or broker without first having received from such person the certification set forth in paragraph (b) or paragraph (c) of this section.

(e) The provisions of this section apply not only to acceptance of delivery by a person from other persons, including affiliates and subsidiaries, but also to acceptance of delivery by a branch, division, or section of a single enterprise which produces copper controlled materials from a branch, division, or section of the same or any other enterprise under common ownership or control which does not produce copper controlled materials.

Sec. 4. Restrictions on disposal of scrap. (a) No person other than establishments of the United States Army, Navy, or Air Force, such as arsenals, navy yards, gun factories, and depots, or a person who is in the business of producing copper raw materials (such as refineries, ingot makers, copper wire mills, brass mills, or foundries), or a person who qualifies as a "Miscellaneous producer" as listed in Column A under section 3 of this order, shall melt or process any scrap or copper-base alloy-clad steel scrap generated in his plant through fabrication, or accumulated in his operations through obsolescence, except as specifically authorized in writing by the National Production Authority,

nor shall he dispose of such materials in any way other than by delivery to a person authorized by this order to accept delivery.

(b) No person shall dispose of any material, the delivery of which he accepted as scrap, other than as scrap, except with the specific authorization of the National Production Authority: *Provided, however*, That scrap dealers and brokers may sell in each month as usable material a quantity of material that was acquired as scrap and does not in the aggregate exceed 1,000 pounds (copper content).

(c) Nothing contained in this order shall prohibit any public utility from using "as is," in its own operation, copper wire or cable which has become scrap by obsolescence.

SEC. 5. Restrictions on inventory accumulations. (a) Unless specifically authorized by the National Production Authority, no person who generates scrap in his operations through fabrication, manufacture, or obsolescence shall keep on hand more than 30 days' accumulation of scrap or copper-clad or copper-base alloy-clad steel scrap unless such accumulation aggregates less than 2,000 pounds.

(b) No scrap dealer may accept delivery of any kind, grade, or type of scrap if his total inventory of scrap (including inventory not physically located in the dealer's yard or plant) is, or by such receipt would become, in excess of the weight of his total deliveries of scrap during the preceding 60-day period.

(c) The provisions of paragraph (a) of this section shall not apply to the establishments of the United States Army, Navy, or Air Force, such as arsenals, navy yards, gun factories, and depots: *Provided, however*, That such establishments shall report to the National Production Authority by August 10, 1951, with respect to July, and by the tenth day of each month thereafter with respect to the preceding month, the quantity and type of scrap at each such location.

SEC. 6. Restrictions on toll agreements. (a) Commencing on December 18, 1950, and unless the person delivering or owning the scrap, or the person for whose benefit the conversion, remelting, or other processing of the scrap will be effected, has received the approval of the National Production Authority, no person shall deliver scrap, and no person shall accept such scrap, for converting, remelting, or other processing into electrolytic or fire-refined copper under any existing or future toll agreement, conversion agreement, or other arrangement by which title to the scrap remains vested in the person delivering or owning the scrap, or pursuant to which unalloyed copper in any quantities, equivalent or otherwise, is to be returned to the person delivering or owning the scrap. The provisions of this paragraph will apply with equal effect to any agency relationship which would result in a toll arrangement as described in this paragraph.

(b) Commencing on July 15, 1951, and unless the person delivering or owning the refined copper or scrap, or the per-

son for whose benefit the conversion, remelting, or other processing of the refined copper or scrap will be effected, has received the written approval of the National Production Authority, no person shall deliver refined copper or scrap, and no person shall accept same, for converting, remelting, or other processing into copper wire mill products, brass mill products, foundry products, copper-base alloy ingot, or other miscellaneous products under any existing or future toll agreement, conversion agreement, or other arrangement by which title to the refined copper or scrap remains vested in the person delivering or owning the refined copper or scrap, or pursuant to which copper wire mill products, brass mill products, foundry products, copper-base alloy ingot, or other miscellaneous products in any quantities, equivalent or otherwise, is to be returned to the person delivering or owning the refined copper or scrap. The provisions of this paragraph will apply with equal effect to any agency relationship which would result in a toll arrangement hereinabove described. Nothing contained in this paragraph shall prohibit railroads from converting or having converted for them, railroad engine castings and car journal bearings for their own use.

(c) Persons requesting such approval shall file with the National Production Authority a letter setting forth the names and addresses of the parties to any existing or proposed toll or conversion agreement; the kind, grade, and form of the refined copper or scrap involved; the tonnage of the refined copper or scrap and the estimated tonnage of the electrolytic or fire-refined copper, copper wire mill products, brass mill products, foundry products, copper-base alloy ingot, or other miscellaneous products resulting; the estimated rate and dates of delivery of such copper or copper products; the length of time such agreement or other similar agreement between the same parties has been in force; the duration of the agreement; the purpose for which such copper or copper products are to be used; and such other information as the applicant may wish to submit.

SEC. 7. Authorizations and directives. The National Production Authority may issue authorizations or directives from time to time with respect to the delivery, disposal, and conversion of copper raw materials. Such authorizations and directives shall be complied with by the recipients thereof.

SEC. 8. Applications for adjustment or exception. Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that any provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and disloca-

tion of labor and resulting unemployment that would impair the defense program. Each request shall be in writing, by letter in triplicate, and shall set forth all pertinent facts, the nature of the relief sought, and the justification therefor.

SEC. 9. Records and reports. (a) Each person participating in any transaction covered by this order shall make and preserve, for at least 3 years thereafter, accurate and complete records of receipts, deliveries, inventories, production, and use, in sufficient detail to permit the determination, after audit, whether each transaction complies with the provisions of this order. This order does not specify any particular accounting method and does not require alteration of the system of records customarily used, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals by those persons who, at the time such microfilm or other photographic records are made, maintain such copies of records in the regular and usual course of business.

(b) All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of the National Production Authority.

(c) Any person who uses or processes copper or copper-base alloy in his operations and who falls within the general classification set forth in Column A of the table at the end of this paragraph shall complete and return the Bureau of Mines form identified in the corresponding section of Column B of the table to the address specified on the form, in the number of copies specified on the form, on or before the twentieth day of July 1951 with respect to such use or processing during June 1951, and on or before the fifteenth day of each succeeding month with respect to such use or processing during the preceding month except that the form indicated under item 5 in the table at the end of this paragraph shall be filed on or before February 28, 1952, with respect to operations during the year 1951.

(A)	(B)
(1) Brass ingot makers and miscellaneous remelters.....	6-1115-M.
(2) Brass mills and copper wire mills.....	6-1115-MS.
(3) Primary smelters.....	6-1045-M.
(4) Primary refiners.....	6-1046-M.
(5) Brass mills, ¹ copper wire mills, ¹ miscellaneous users, and foundries.....	6-1115-AS.

¹ Except those required to file Form 6-1115-MS.

(d) Commencing December 17, 1951, any person other than a refiner, custom smelter, scrap dealer, or scrap generator, who deals in refined copper or who owns, melts, or otherwise uses in his operations, electrolytic or fire-refined copper, unalloyed copper in any form (including scrap), copper-base raw materials in any form (including ingot and scrap), or intermediate brass or copper wire mill shapes, shall complete and return Form NPAF-83 to the National Production

Authority, Washington 25, D. C., Ref: M-16, in the number of copies specified on that form. Such reports shall be filed monthly in accordance with the reporting procedure specified on the form, except in those cases where the form indicates a quarterly report should be filed. The provisions of this paragraph do not apply to any person who owns less than 500 pounds of the forms of copper enumerated in this paragraph, or who melts or otherwise uses less than 500 pounds of such forms of copper per month.

(e) Commencing December 17, 1951, any person who produces copper or copper-base alloy controlled materials (brass mill products, copper wire mill products, foundry products, or powder mill products as defined in section 2 of this order), shall complete and return Form NPAF-84 to the National Production Authority, Washington 25, D. C., Ref: M-16, in the number of copies specified on that form. Such report shall be filed monthly in accordance with the reporting procedure specified on the form, except in those cases where the form indicates that a quarterly report should be filed.

(f) Persons subject to this order shall make such other records and submit such other reports to the National Production Authority as it shall require, subject to the terms of the Federal Reports Act 1942 (5 U. S. C. 139-139F).

SEC. 10. Communications. All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C., Ref: M-16.

SEC. 11. Violations. Any person who willfully violates any provision of this order, or any other order or regulation of NPA, or who willfully furnishes false information or conceals any material fact in the course of operation under this order, is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials, or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act.

This order as amended shall take effect on December 17, 1951.

[NPA Order M-22 as Amended December 17,
1951]

M-22—DISTRIBUTION AND USE OF ALUMINUM SCRAP

This amendment to NPA Order M-22 as amended September 11, 1951, is found necessary and appropriate to promote

the national defense and is issued pursuant to the Defense Production Act of 1950 as amended. In the formulation of this order as amended, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. However, consultation with representatives of all trades and industries affected in advance of the issuance of this amended order has been rendered impracticable due to the necessity for immediate action and because the order affects a large number of different trades and industries.

NPA Order M-22, as last amended September 11, 1951, is hereby further amended in the following respects: Paragraph (a) of section 4 is amended by adding a proviso clause; paragraph (c) of section 4 is deleted and a new paragraph (c) is substituted in its stead; a new section 6 is added to the order, and the old sections 6, 7, 8, 9, 10, and 11 are appropriately redesignated; and the proviso formally in section 8 (as redesignated) is deleted. As so amended, NPA Order M-22 reads as follows:

Sec.

1. What this order does.
2. Definitions.
3. Segregation of aluminum scrap.
4. Restrictions on distribution of aluminum scrap.
5. Restrictions on use of aluminum scrap.
6. Allocations and directives.
7. Restrictions on toll agreements.
8. No acquisition or delivery in violation of order.
9. Applications for adjustment or exception.
10. Records and reports.
11. Communications.
12. Violations.

AUTHORITY: Sections 1 to 12 issued under sec. 704, 64 Stat. 816, Pub. Law 96, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 96, 82d Cong.; 50 U. S. C. App. Sup. 2071; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; secs. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789.

SECTION 1. What this order does. The primary purpose of this order is to regulate the segregation, acceptance, delivery, and distribution (whether on purchase, toll agreement, or otherwise) of aluminum scrap. The order also prohibits undue accumulations of such scrap.

SEC. 2. Definitions. As used in this order:

(a) "Person" means any individual, corporation, partnership, association, or any other organized group of persons, and includes any agency of the United States Government or any other government.

(b) "Aluminum scrap" means all materials or objects which are the waste or by-product of industrial fabrication, or which have been discarded on account of obsolescence, failure, or other reason, the principal ingredient of which by either weight or volume is metallic aluminum, or from which metallic aluminum may be recovered by sweating, either of domestic generation or imported in either loose or scrap pig form, and shall include all types and grades of aluminum residues, such as drosses,

skimmings, fines, grindings, sawings, and buffings.

(c) "Producer" means any prime producer of metallic aluminum from the raw material alumina.

(d) "Smelter" means any person who maintains the necessary sorting and preparation equipment and who remelts virgin metal or scrap to produce properly alloyed, refined, chemically tested, specification casting ingot and metallurgical shapes for sale to other persons, and who has the testing equipment and technical knowledge necessary to perform this function without downgrading or waste.

(e) "Reclaimer" means any person who reclaims aluminum from scrap contaminated with extraneous materials in a furnace, crucible, or sweater operation. A "reclaimer" produces only unrefined metal which is not alloyed to a given specification or which is not otherwise properly controlled or refined, and which is sold as reclaimed scrap pig to a producer or a smelter.

(f) "Dealer" means any person regularly engaged in the business of buying and selling aluminum scrap.

(g) "Generator of aluminum scrap" means any person who in salvage, manufacture, or fabrication produces aluminum scrap.

(h) "Fabricator" means a person who produces for sale (in whole or in part) the following mill products:

Plate, sheet (coiled or flat), or foil.

Extrusion or tubing.

Rod, bar, or wire.

Powder (atomized or flake, including paste).

(i) "Foundry" means a person who produces aluminum or aluminum alloy cast shapes by melting for use in rough or finished form, without further rolling, drawing, or extruding operations.

(j) "Ingot" means aluminum as cast to specific composition for remelting.

(k) "Pig" means aluminum of variable composition as produced in an electric reduction furnace.

(l) "Scrap pig" means unrefined aluminum of variable composition as produced in a reclamation operation.

SEC. 3. Segregation of aluminum scrap.

(a) Any generator of aluminum scrap shall segregate such scrap by alloy and shall not mix scrap of one alloy with any other alloy or material: *Provided, however,* That this segregation requirement does not apply to skimmings, drosses, grindings, buffings, and sawings.

(b) Any dealer receiving aluminum scrap in segregated form must maintain such segregation.

SEC. 4. Restrictions on distribution of aluminum scrap—(a) *Delivery by scrap owners and generators.* Except as provided in section 5 (a) of this order, any person (other than a producer, smelter, reclaimer, fabricator, or dealer) who owns or generates any aluminum scrap shall deliver such scrap to a producer, smelter, reclaimer, fabricator, or dealer, and shall not dispose of such scrap in any other way: *Provided, however,* That no owner or generator of aluminum scrap shall, within any three calendar days (excluding Saturdays, Sundays, and legal holidays), deliver a quantity of aluminum scrap totaling 20,000

pounds or more to a dealer unless at the time of delivery he fills out Form NPAF-152 in quadruplicate, mails the original signed copy thereof to the National Production Authority, Washington 25, D. C., and furnishes two copies to the dealer to whom he delivers the aluminum scrap. The dealer who receives the aluminum scrap described in the Form NPAF-152, which was furnished him in accordance with this section, shall, at the time he delivers such scrap to any other person, complete Form NPAF-152 and mail it to NPA. If a dealer delivers the aluminum scrap to another dealer, he shall fill out Form NPAF-152 as though he were a generator of aluminum scrap, attach to such form the Form NPAF-152 received by him from the seller, and mail both forms to the National Production Authority, Washington 25, D. C., Ref: M-22.

(b) *Time of delivery.* Except as provided in section 5 (a) of this order, any person who generates or holds any aluminum scrap shall deliver all such scrap to a producer, reclaimer, smelter, fabricator, or dealer at intervals not longer than required to accumulate a minimum carload or at intervals not exceeding 30 days, whichever shall first occur.

(c) *Delivery by dealers.* Dealers shall deliver all aluminum scrap which they receive at intervals not longer than required to accumulate a minimum carload or at intervals not exceeding 30 days, whichever shall first occur. A dealer shall deliver aluminum scrap only to a producer, smelter, reclaimer, or fabricator: *Provided, however,* That (1) any dealer may deliver any aluminum scrap to another dealer if, in the regular course of business, he does not collect sufficient scrap to make it practicable for him to deliver directly to a producer, smelter, reclaimer, or fabricator; except that a dealer who has received from another dealer scrap in a lot of 20,000 pounds or more, with respect to which a Form NPAF-152 was required to be filed pursuant to the provisions of paragraph (a) of this section, may sell or deliver such scrap only to a producer, smelter, reclaimer, or fabricator, but not to another dealer; and (2) any dealer may deliver scrap reusable in the form in which received to any consumer of controlled materials who is entitled to receive and use it under applicable regulations and orders of the National Production Authority and who may elect to use it in lieu of aluminum in the forms and shapes listed in Schedule I of CMP Regulation No. 1. Any consumer who receives aluminum scrap as provided herein, shall charge such aluminum against his CMP allotment.

SEC. 5. Restrictions on use of aluminum scrap. (a) Except as provided in section 4 (c) of this order, no person other than a producer, smelter, reclaimer, or fabricator shall melt, reprocess, smelt, or otherwise use aluminum scrap: *Provided, however,* That a foundry may remelt its own gates, risers, and sprues, and its defective, rejected, and obsolete castings, if by so doing it does not downgrade or contaminate the aluminum alloy: *And provided further,* That any person other than a producer, smelter,

reclaimer, or fabricator who uses aluminum scrap in his regular operations (such as a chemical plant, steel mill, etc.) may request the National Production Authority for authorization to use aluminum scrap in such operations. Any such authorization will specify the type and grade of aluminum scrap to be used for the stated purpose.

(b) No person shall use a type of aluminum scrap, scrap pig, or ingot for a purpose or a process in which a lower grade is suitable.

(c) No person who melts, smelts, or otherwise reprocesses aluminum scrap shall downgrade such scrap.

SEC. 6. Allocations and directives. The National Production Authority from time to time may allocate scrap and specifically direct the manner and quantities in which deliveries to particular persons or classes of persons or for particular uses or classes of uses shall be made or suspended; and from time to time may issue specific directives to any person as to the source, destination, consignee, or amount of scrap to be delivered or acquired by such person.

SEC. 7. Restrictions on toll agreements. No aluminum scrap shall be delivered or received pursuant to any existing or future toll, conversion, or repurchase agreement, or any similar arrangement, without the prior written approval of the National Production Authority: *Provided, however,* That aluminum scrap owned by a fabricator may be shipped to a producer or to another fabricator for conversion into any product usually purchased by such fabricator, without specific approval of the National Production Authority. All approvals of toll transactions granted by the National Production Authority prior to the effective date of this order are hereby revoked as to all shipments of scrap not made on or before September 30, 1951.

SEC. 8. No acquisition or delivery in violation of order. No person shall acquire or deliver aluminum scrap if he knows or has reason to believe that such material has been or will be used in violation of this or of any other order of the National Production Authority.

SEC. 9. Applications for adjustment or exception. Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interests of the national defense or in the public interest. All such requests shall be addressed to the National Production Authority, Washington 25, D. C., Ref: M-22. In examining requests for adjustment which claim that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing, shall set forth all pertinent facts and the nature of

RULES AND REGULATIONS

the relief sought, and shall state the justification therefor.

Sec. 10. Records and reports. (a) Each person participating in any transaction covered by this order shall retain in his possession for at least 2 years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that will permit determination for each transaction whether the provisions of this order have been met. A producer, smelter, or fabricator shall keep his own metallurgical heat or furnace charge records, indicating the grade, quality, and weight of aluminum charged; the weight of the finished aluminum recovered; and the analysis thereof. A reclaimer shall keep a furnace charge record indicating the types and quantities of scrap treated. These provisions do not specify any particular accounting method and do not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals by those persons who have maintained or who may maintain such microfilm or other photographic records in the regular and usual course of business.

(b) All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of the National Production Authority.

(c) All persons who melt, smelt, or reclaim any aluminum scrap, shall file with the Department of the Interior, Bureau of Mines, Washington 25, D. C., in duplicate, the following reports on or before the fifteenth day of the month following the period reported: (1) Smelters and reclaimers shall file Form 6-1114-M monthly; (2) producers, fabricators, and all other persons consuming aluminum scrap or secondary ingot (such as iron and steel plants and foundries and chemical producers), except foundries consuming less than a total of 12,000 pounds annually of scrap and secondary ingot, shall file Form 6-1111-M monthly; and (3) foundries consuming less than a total of 12,000 pounds annually of scrap and secondary ingot shall file Form 6-1111-Q quarterly.

(d) Persons subject to this order shall make such records and submit such reports to the National Production Authority as it shall require, subject to the terms of the Federal Reports Act of 1942 (5 U. S. C. 139-139F).

Sec. 11. Communications. Except as provided in section 10 (c) of this order, all communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C., Ref: M-22.

Sec. 12. Violations. Any person who wilfully violates any provision of this order or any other order or regulation of the National Production Authority or who wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and, upon conviction, may be punished by fine or imprisonment or

both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order, as amended, shall take effect on December 17, 1951.

M-80—IRON AND STEEL—ALLOYING
MATERIALS AND ALLOY PRODUCTS

SCHED. C—CHROMIUM AND CHROMIUM
NICKEL

This schedule is found necessary and appropriate to promote the national defense and is issued pursuant to the authority of the Defense Production Act of 1950, as amended. In the formulation of this schedule there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. This schedule is issued under NPA Order M-80, and is made a part of that order.

3. Certification required.
4. Exceptions.
5. Communications.

AUTHORITY: Sections 1 to 5 issued under sec. 704, 64 Stat. 816, Pub. Law 96, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 96, 82d Cong.; 50 U. S. C. App. Sup. 2071; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; secs. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789.

SECTION 1. Definitions. All definitions contained in NPA Order M-80, including the definitions of chromium and nickel contained in List I of that order, are applicable to this schedule.

SEC. 2. Restricted uses. Subject to the exceptions contained in section 4 of this schedule, no person shall:

(a) Melt, process, fabricate, or deliver, any heat-resistant chromium or chromium-nickel-alloy iron or steel for any particular use set forth in Appendix 1 of this schedule with a higher nickel or nickel-plus-chromium content than permitted for that use in said Appendix 1;

(b) Specify temperature requirements beyond those necessary to maintain his current operations, when ordering heat-resistant chromium or chromium-nickel-alloy iron or steel for any use indicated in Appendix 1 of this schedule;

(c) Increase the total weight of the heat-resistant chromium or chromium-nickel-alloy iron or steel, in redesigning

or rebuilding any equipment or parts therefor, in any unit to an amount greater than 10 percent of the weight of such iron or steel contained in the original design of such unit.

SEC. 3. Certification required. No person shall deliver any heat-resistant chromium or chromium-nickel-alloy iron or steel for any of the uses set forth in Appendix 1 of this schedule unless he first receives from the purchaser to whom delivery is to be made, a signed certificate in the following form:

Certified under Schedule C to NPA Order M-80.

This certification shall constitute a representation by the purchaser to the person making delivery and to NPA that the purchaser will use such material only as permitted in this schedule.

SEC. 4. Exceptions. The provisions of this schedule shall not apply to:

(a) Alloying materials in process or fully fabricated as of the effective date of this schedule;

(b) Alloying materials to be melted, processed, fabricated, or delivered, pursuant to a contract entered into prior to the effective date of this schedule where it would not be commercially feasible to change the specifications to conform to the provisions of this schedule, and where delivery of such alloying materials under such contract will be completed within 60 calendar days after the effective date of this schedule.

(c) Alloying materials to be used for Navy shipboard installations where such use is approved on Form NPAF-60.

SEC. 5. Communications. All communications concerning this schedule shall be addressed to the National Production Authority, Washington 25, D. C., Ref: M-80, Schedule C.

This schedule shall take effect December 17, 1951.

APPENDIX 1 TO SCHEDULE C OF NPA
ORDER M-80

RESTRICTIONS ON CERTAIN USES OF CHROMIUM
AND CHROMIUM-NICKEL, IRON AND STEEL
ALLOYS FOR HEAT-RESISTANT PURPOSES

(This schedule does not apply to applications that primarily require corrosion resistance.)

PART I. Parts for, or equipment used in, industrial, heat-treating, or other metallurgical furnaces

(a) Nonaccessible parts.

1. Defined as furnace parts not replaceable without major shutdown; e. g., built-in beams and supports, and furnace bucks.

Temperature ¹	Maximum percent Ni	Maximum percent Ni plus Cr
Under 900.....	0	0
900 to 1,400.....	0	18
900 to 1,400.....	11	35
1,400 to 1,900.....	15	42
Over 1,900.....	37	58

See footnote on p. 12725.

(b) Accessible parts.

1. Parts moderately stressed in applications not involving thermal fatigue; e. g., rollers and roller rails, rotating shafts and hearth rolls, carrier blades, dampers, burner nozzles, screw conveyors, rabble arms, blades, holders, annealing retorts, annealing boxes, trays (not quenched temperatures 1,220-1,400° F.), skids, walking-beam furnace parts, radiant tubes, rotary hearths, chain conveyors, and furnace doors.

Temperature ¹	Maximum percent Ni	Maximum percent Ni plus Cr
Under 900.....	0	0
900 to 1,200.....	0	18
1,200 to 1,400.....	11	35
1,400 to 1,900.....	15	42
Over 1,900.....	37	56

2. Parts highly or indeterminately stressed (or subject to thermal fatigue) and exposed to oxidizing or neutral atmospheres; e. g., liquid, spray, and forced-air quench fixtures or trays; large hearths; enameling fixtures; conveyor belts; shaker hearths; fans; chain conveyors; rolls; rotating shafts; sheathing for electric heating elements; and pots (for lead and neutral salt service).

Temperature ¹	Maximum percent Ni	Maximum percent Ni plus Cr
Under 900.....	0	0
900 to 1,400.....	11	35
Over 1,400.....	37	56

3. Parts highly or indeterminately stressed (or subject to thermal fatigue) and exposed to chemically reactive media such as carburizing, nitriding, dry cyaniding, molten salts, etc. Examples: liquid, spray, and forced-air quench fixtures or trays; carburizing retorts and accessories (baskets and supports); muffles; cyanide pots; shaker hearths; fans; and skid rails (charge end only).

Temperature ¹	Maximum percent Ni	Maximum percent Ni plus Cr
Under 900.....	0	0
Over 900.....	37	54

For parts so designed that they are subject to high thermally induced stresses such as, for example, liquid-quenched grid or cage-type fixtures, or shaker hearths, operating above:

Temperature ¹	Maximum percent Ni	Maximum percent Ni plus Cr
1,600.....	40	60

(c) Electric heating elements.
1. Air operations.

Temperature ¹	Maximum percent Ni	Maximum percent Ni plus Cr
Under 1,200 constant electrical resistance.....	65	80
Other:		
Under 1,700.....	37	56
Over 1,700.....	80	100

2. Protective atmosphere operation.

Temperature ¹	Maximum percent Ni	Maximum percent Ni plus Cr
Under 1,900.....	37	56
Over 1,900 or chemical attack such as carburizing.....	80	100

(d) Exceptions.

Temperature ¹	Maximum percent Ni	Maximum percent Ni plus Cr
Ammonia dissociation (over 1,400).....	80	100
Salt bath electrodes.....	65	80

NOTE: Atmospheres containing halogens or halide compounds should be recognized as special cases requiring nickel contents commensurate with specific environment and temperature.

PART II. Parts for, or equipment used in, furnaces for oil refineries, synthetic rubber plants, and cement mills

Temperature ¹	Maximum percent Ni	Maximum percent Ni plus Cr
Under 900.....	0	0
900 to 1,400 ²	0	6
1,400 to 1,600.....	11	35
1,600 to 1,900.....	15	42
Over 1,900.....	18	48

PART III. Parts for power boilers and associated equipment

(a) Maximum metal temperatures for materials for nonload-carrying, nonpressure parts.

Temperature ¹	Maximum percent Ni	Maximum percent Ni plus Cr
Up to 900.....	0	0
900 to 1,150.....	0	6
1,150 to 1,600.....	11	32
1,600 to 2,000.....	14	42

(b) Materials for load-carrying, nonpressure parts.

Temperature ¹	Maximum percent Ni	Maximum percent Ni plus Cr
Up to 800.....	0	0
800 to 1,150.....	0	6
1,150 to 1,600.....	14	42
1,600 to 1,900.....	22	50

NOTE: Operating temperatures of the above material are based primarily upon load-carrying ability at this operating temperature. The safe allowable working stress permissible at these temperatures is determined by the applicable table found in the ASME Power Boiler Code.

(c) Maximum allowable metal temperatures for load-carrying, pressure parts.

Temperature ¹	Maximum percent Ni	Maximum percent Ni plus Cr
Up to 800.....	0	0
800 to 1,050.....	0	6
1,050 to 1,200.....	11	32

NOTE: Maximum metal temperatures given above are based primarily upon the load-carrying ability of the material at the designated temperature. These operating stresses are in accordance with the ASME Power Boiler Code which designates the safe operating load for these materials as based upon their high temperature creep strength.

¹ Maximum temperatures in degrees Fahrenheit to which part will be subjected.

² Under conditions of high stress, alloy C (11 maximum percent Ni and 32 maximum percent Ni plus Cr) may be used in temperature range 900°/1,400° F.

a. In § 34.73 *Fourth-class matter* make the following changes:

1. Amend subparagraph (1) of paragraph (a) to read as follows:

(1) Mail matter of the fourth class shall weigh in excess of 8 ounces, and shall include books, circulars, and other matter wholly in print (except newspapers and other periodicals entered as second-class matter), proof sheets, corrected proof sheets and manuscript copy accompanying same, merchandise (including farm and factory products), and all other mailable matter not included in the first or second class, or in the third class as defined in section 235 of this title, * * * nor in form or kind likely to injure the person of any postal employee or damage the mail equipment or other mail matter and not of a character perishable within a period reasonably required for transportation and delivery.

2. Renumber subparagraph (2) of paragraph (a) as "(5)", delete note which follows it, and insert new subparagraphs (2), (3) and (4) to read as follows:

(2) *Limitation on size and weight of certain fourth-class matter.* On fourth-class matter the limit of size shall be seventy-two inches in girth and length combined and the limit of weight shall be over eight ounces and not exceeding forty pounds in the first and second zones and twenty pounds in the third to eighth zones; except that in the case of parcels (i) mailed at any post office or on any rural or star route for delivery at any second-, third-, or fourth-class post office or for delivery by any rural or star route carrier, or (ii) mailed at any second-, third-, or fourth-class post office or on any rural or star route, or (iii) containing baby fowl, live plants,

RULES AND REGULATIONS

trees, shrubs, or agricultural commodities (not including manufactured products thereof), or (iv) of books, permanently bound for preservation, consisting wholly of reading matter or reading matter with incidental blank spaces for students' notations and containing no advertising matter other than incidental announcements of books, or (v) mailed in the United States, including the District of Columbia, for delivery by any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, or mailed at any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, for delivery in the United States, including the District of Columbia, or any Army or Fleet post office or in any Territory or possession thereof, including the Canal Zone and Trust Territory of the Pacific Islands, the limit of size shall be one hundred inches in girth and length combined and the limit in weight shall be over eight ounces and not exceeding seventy pounds.

NOTE: Pursuant to the provisions of section 2 of Public Law 199, approved October 24, 1951, the act is effective as of January 1, 1952.

(3) *Surface parcels.* Effective January 1, 1952, fourth-class or parcel post matter transported by surface means between post offices of the first-class within the continental United States (excluding Alaska) will be limited in size to 72 inches in length and girth combined, and the limit of weight will be 40 pounds if for delivery in the local, first or second zone and 20 pounds if for delivery in the third, fourth, fifth, sixth, seventh, or eighth zones, except that these limitations shall not apply to parcels containing baby fowl, live plants, trees, shrubs, agricultural commodities, or books, or to any parcel mailed on, or addressed for delivery on, any rural or star route, regardless of the class of the office of mailing or address.

The reduced limits of size and weight also do not apply to parcels mailed to or from second-, third-, or fourth-class post offices; or to or from any rural station, or any post office, station or branch at any military installation; or to or from any post office in a United States possession or territory, an Army-Air Force or Naval post office, or a post office in the Trust Territory of the Pacific Islands or to any other place outside the continental United States where the domestic mail service is in operation, nor do they apply to air parcel post and books mailed at the library book rate, regardless of where mailed.

(4) *Limits applicable to other matter.* The weight limit described above will also apply to articles mailed at first-class rates of postage, and both the size and weight limits set forth above will apply to official matter mailed under the pro-

visions of § 37.14 (b) of this chapter, employment security or veterans' readjustment allowance matter mailed under provisions of § 35.4 (p) of this chapter and appliances for the blind mailed under § 37.26 of this chapter.

3. Insert new subparagraphs (6), (7) and (8) to read as follows:

(6) *Indorsement of parcels.* Where a parcel is mailed at a first-class post office under one of the exceptions in subdivisions (iii) and (iv) of subparagraph (2) of this paragraph, it shall be appropriately indorsed to show contents unless such information is readily ascertainable from an outward examination of the parcel. Excepted parcels containing agricultural commodities may be indorsed "Agricultural Commodity." Parcels containing only live plants, trees, shrubs, agricultural commodities, or books which are not so prepared that the contents are readily identifiable from outward examination shall be indorsed to show nature of contents in order to be acceptable when exceeding the limitations of size and weight mentioned above. Such articles shall not exceed 70 pounds or 100 inches in length and girth combined.

(7) *Agricultural commodities.* The term "agricultural commodities" shall include any product grown or produced incident to an agricultural activity on the farm or in the garden, orchard, nursery or forest such as fresh fruits, vegetables, berries, meats, milk, grains, seeds, bulbs, honey, eggs, nuts, etc. Butter and cheese produced on a farm would be considered as agricultural commodities. Parcels containing such articles must be indorsed to show the nature of the contents and otherwise be properly packed and acceptable for mailing in accordance with existing requirements.

(8) *Diversion of parcels prohibited.* Parcels which exceed the prescribed limits of size and weight for articles mailed at first-class post offices which originate in and are prepared for mailing in cities or towns served by post offices of the first class shall not be accepted for mailing at offices of the second, third or fourth class or on rural or star routes where there is sufficient reason to believe that such mailings are being diverted for the purpose of circumventing the reduced limits of size and weight.

b. In § 34.75 *Pound basis of postage rates on fourth-class matter* add a note to read as follows:

NOTE: See § 34.73 (a) (1) and (2) for limitation on weights of fourth-class matter.

c. In § 35.2 *Limit of weight and size of mail matter* make the following changes:

1. Amend paragraph (a) to read as follows:

(a) *Provisions.* * * * (The weight (of mail matter) is hereby declared to be not exceeding 4 pounds for each package thereof except in case of single books weighing in excess of that amount (fourth-class mail matter not exceeding

the weight limits prescribed in § 34.73 (a)) of this chapter, and) except for books and documents published or circulated by order of Congress * * * when mailed by the Superintendent of Public Documents or under the franking privilege.

(Sec. 3, 58 Stat. 394; 39 U. S. C. 321e)

2. Amend paragraph (b) by striking out "(See § 34.73.)" and by adding a note to read as follows:

NOTE: Under the provisions of section 1, 65 Stat. 610, the reduced limits of size and weight prescribed for certain parcels of fourth-class matter mailed at post offices of the first class also apply to mail matter of the first class when mailed at offices of that class. See § 34.73 of this chapter.

d. In § 35.3 *When weight limit not applicable* make the following change:

Amend paragraph (c) by striking out "§ 35.2" in the first sentence and inserting in lieu thereof "§ 34.73 of this chapter."

e. In § 42.3 *Diversion of mail* add a note to paragraph (b) to read as follows:

NOTE: See § 34.73 (a) (5) of this chapter relative to diversion of parcels exceeding the limits of size and weight from first-class post offices.

f. In § 42.6 *Where second-, third-, and fourth-class matter may be mailed*, add a note to paragraph (a) to read as follows:

NOTE: See § 34.73 (a) (5) of this chapter relative to diversion of parcels exceeding the limits of size and weight from first-class post offices.

g. In § 52.38 *Acceptance of all mail required* add a note to read as follows:

NOTE: See § 34.73 (a) (5) of this chapter relative to diversion of parcels exceeding the limits of size and weight from first-class post offices.

(R. S. 161, 396, 3879, as amended; secs. 304, 309, 42 Stat. 24, 25, sec. 1, 65 Stat. 610; 5 U. S. C. 22, 369, 39 U. S. C. 240a)

The foregoing amendments become effective January 1, 1952.

DEPARTMENT OF THE INTERIOR
Bureau of Land Management

[R-IV-10]

COLORADO

**RESTORATION ORDER NO. 3 (R-IV), UNDER
FEDERAL POWER ACT**

DECEMBER 11, 1951.

Pursuant to the following-listed determination of the Federal Power Commission, and in accordance with Order No.

427, section 2.22 (a) (4) of the Director, Bureau of Land Management, approved August 16, 1950 (15 F. R. 5641), it is ordered as follows:

Subject to valid existing rights and the provisions of existing withdrawals, the lands hereinafter described, so far as they are withdrawn or reserved for power purposes, are hereby opened to disposition under the public-land laws as provided below, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U. S. C. 818), as amended:

Determination No.	Dates and types of withdrawal	Type of restoration	Description of lands
DA-297-Colorado.....	Power site classification No. 89, dated Feb. 24, 1925.	Under the applicable public land laws.	Colorado: T. 5 S., R. 85 W., 6th P. M.; sec. 5; lot 5, containing 4.86 acres.

The character of the land is suitable for small tract lease.

No application for these lands may be allowed under the homestead, desert-land, small tract, or any other non-mineral public-land laws, unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application.

The lands described shall be subject to application by the State of Colorado for a period of ninety days from the date of publication of this order in the *FEDERAL REGISTER* for rights-of-way for public highways or as a source of material for the construction and maintenance of such highways, as provided by section 24 of the Federal Power Act, as amended.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m., on the 91st day after the date of publication of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:

(a) *Ninety-one day period for preference right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this order shall be subject only

to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 91st day after the date of publication shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 91st day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 181st day after the date of publication, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other ap-

propriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 181st day after the date of publication, shall be treated as though filed simultaneously at the hour specified on such 181st day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Application for these lands, which shall be filed in the Land and Survey Office, Denver, Colorado, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land and Survey Office, Denver, Colorado.

H. BYRON MOCK,
Regional Administrator.

**NOTICE FOR FILING OBJECTIONS TO PLO 771¹
RESERVING LAND FOR USE OF THE ALASKA
RAILROAD**

For a period of 60 days from the date of publication of the above entitled order, persons having cause to object to the terms thereof may present their objections to the Secretary of the Interior. Such objections should be in writing, should be addressed to the Secretary of the Interior, and should be filed in duplicate in the Department of the Interior, Washington 25, D. C. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced,

¹ See F. R. Doc. 51-14966, Title 43, Chapter I, App., supra.

where opponents to the order may state their views and where the proponents of the order can explain its purpose, intent, and extent. Should any objection be filed, whether or not a hearing is held, notice of the determination by the Secretary as to whether the order should be rescinded, modified or let stand will be given to all interested parties of record and the general public.

CIVIL AERONAUTICS BOARD

[Docket No. 3242]

MID-CONTINENT AIRLINES, INC.

NOTICE OF HEARING

In the matter of Mid-Continent Airlines, Inc., for amendment of its certificate of public convenience and necessity for route No. 26.

Notice is hereby given pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 401 and 1001 of said act, that the above-entitled proceeding is assigned for hearing on January 8, 1952, at 10:00 a. m., e. s. t., in Room 5040, Commerce Building, Fourteenth Street and Constitution Avenue NW., Washington, D. C., before Examiner Walter W. Bryan.

Without limiting the scope of the issues in this proceeding, particular attention will be directed to the question of whether the public convenience and necessity require the amendment of the certificate of Mid-Continent Airlines, Inc., for route No. 26, to remove the present restriction contained in its certificate requiring that service between Shreveport and New Orleans, La., be rendered only on flights originating or terminating at either Kansas City or points north or east thereof, and the proposed amendment would be as follows:

"Service between Shreveport, La., and New Orleans, La., shall be rendered only on flights which originate or terminate at Tulsa or a point north thereof, provided that each such flight originating or terminating at Tulsa shall be scheduled to make a connection at Tulsa with a flight originating in the same direction and serving Kansas City or a point north thereof."

For further details of the service proposed and the amendment requested, interested parties are referred to the application on file with the Civil Aeronautics Board.

Dated at Washington, D. C., December 14, 1951.

By the Civil Aeronautics Board.

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 9804, 9805]

TRIBUNE PUBLISHING CO. AND BREMERTON BROADCAST CO. (KBRO)

ORDER DESIGNATING PETITION FOR ORAL ARGUMENT

In re applications of Tribune Publishing Company, Tacoma, Washington,

Docket No. 9804, File No. BP-7703; Bruce Bartley, tr/as Bremerton Broadcast Company (KBRO), Bremerton, Washington, Docket No. 9805, File No. BP-7794; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 11th day of December 1951;

The Commission having under consideration (1) a petition, filed December 10, 1951, by Bremerton Broadcast Company (KBRO), requesting a continuance of the oral argument in the above-entitled proceeding, scheduled for December 11, 1951; and (2) a petition to reopen the record of this proceeding filed on this same date by Bremerton Broadcast Company; and

It appearing, that the issues raised in the petition to reopen the record can best be disposed of after oral argument before the Commission en banc; that these issues therefore do not warrant a continuance of the oral argument; and that, accordingly, the petition to reopen the record should be designated for oral argument;

It is ordered, That (1) the petition for continuance of the oral argument is denied; (2) the petition for a reopening of the record is designated for oral argument; and (3) the parties are directed to address their respective arguments to the issues raised by the petition for a reopening of the record in addition to those raised by the exceptions.

Released: December 11, 1951.

FEDERAL POWER COMMISSION

[Docket No. G-1847]

TEXAS GAS TRANSMISSION CORP.

NOTICE OF APPLICATION

DECEMBER 12, 1951.

Take notice that on December 3, 1951, Texas Gas Transmission Corporation (applicant), a Delaware corporation with its principal place of business at 416 West Third Street, Owensboro, Kentucky, filed an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of:

(a) Six segments of partial loop lines aggregating approximately 407.62 miles of 26-inch pipe adjacent to portions of applicant's existing 26-inch pipeline system extending from Bastrop, Louisiana to Louisville, Kentucky.

(b) A new compressor station (No. 1) on applicant's main 20-inch pipeline near Shreveport, Louisiana, with an aggregate of 3,960 horsepower.

(c) A new compressor station (No. 13) on applicant's main 26-inch pipeline system near Madison, Indiana, with an aggregate of 7,920 installed horsepower.

(d) Additional compressor capacity in certain of applicant's existing compressor stations as follows:

Compressor stations:	Proposed additions
Station No. 3, Bastrop, La.....	3,520
Station No. 8, Kenton, Tenn.....	1,320
Station No. 9, Calvert City, Ky.....	1,320
Station No. 10, Slaughters, Ky.....	1,320
Station No. 11, Hardinsburg, Ky.....	4,500
Station No. 12, Jeffersonton, Ky.....	3,000

Also the conversion of two 1,300 horsepower units at applicant's Guthrie, Louisiana, compressor station from low pressure to high pressure operation.

(e) Six sales meter stations for service to: (1) Ohio River Pipeline Corporation for resale of natural gas to Indiana Gas & Water Company, Inc., for ultimate resale in the towns of Jeffersonville, and New Albany, Indiana, and their environs; (2) The towns of Fulton, Kentucky, and South Fulton, Tennessee; (3) The town of Martin, Tennessee; (4) Indiana Gas & Water Company, Inc., for resale in the town of Clayton, Indiana; (5) Mississippi Power & Light Company for resale in the town of Jonestown, Mississippi; (6) Mississippi Power & Light Company for resale in the town of Duncan, Mississippi.

Applicant indicates the construction and operation of the foregoing facilities will increase its total system capacity from approximately 705,000 Mcf per day to about 990,312 Mcf per day.

Upon the augmentation of its present system capacity by the construction of the proposed facilities, applicant proposes to serve increasing demands of its requirements customers in areas presently being served by such customers, and to provide service to Indiana Gas & Water Company, Inc., for resale in the town of Clayton, Indiana, and to Mississippi Power and Light Company for resale in the towns of Jonestown and Duncan, Mississippi, none of which communities are now being served with natural gas. Applicant, also, proposes to provide increased service to certain present customers in excess of maximum volumes specified in orders of this Commission and in excess of specific limitations contained in existing service agreements; to provide initial service to the Ohio River Pipeline Corporation for sale of gas to Indiana Gas & Water Company, Inc., for resale in the Jeffersonville-New Albany, Indiana, area; and to provide initial gas service to the cities of Fulton, Kentucky, and South Fulton and Martin, Tennessee. Furthermore, applicant proposes to increase firm deliveries to The Ohio Fuel Gas Company from a present 5,000 Mcf to 100,000 Mcf per day and to the Louisville Gas and Electric Company from 40,000 Mcf to 60,000 Mcf per day. Applicant also proposes to deliver off-peak gas on an interruptible basis to The Ohio Fuel Gas Company up to a maximum daily volume of 45,000 Mcf and to Lawrenceburg Gas Company up to a maximum of 10,000 Mcf per day.

The estimated total over-all capital cost of the proposed facilities is \$33,752,705 which is proposed to be financed from proceeds received from the sale of First Mortgage Bonds and such other securities as may be most advantageously sold, and from cash on hand in accordance with a plan to be subsequently filed with the Commission.

Applicant states that the facilities for which authorization is being sought are

substantially similar to the project proposed in the Matter of Texas Gas Transmission Corporation at Docket No. G-1578 which were denied without prejudice by order of the Commission issued on November 6, 1951. It is also stated that the only material changes are related directly to the elimination of a sale to the Tennessee Valley Authority proposed at Docket No. G-1578 and substitution of the above-mentioned interruptible sale to The Ohio Fuel Gas Company in the present application. In lieu of the 404.27 miles of 26-inch partial loop lines requested at Docket No. G-1578, applicant now seeks authority for the construction and operation of approximately 407.62 miles of 26-inch partial loops. Instead of the installation of 17,260 horsepower compressor capacity as contemplated by the Applicant at Docket Nos. G-1570 and G-1578, applicant presently seeks authority to install and operate a total of 26,860 compressor horsepower.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 2d day of January 1952. The application is on file with the Commission for public inspection.

HOUSING AND HOME FINANCE AGENCY

Office of the Administrator

NOTICE OF HOUSING PROGRAMS AND RELAXATION OF CREDIT CONTROLS IN CRITICAL DEFENSE HOUSING AREAS

MISCELLANEOUS AMENDMENTS

Appearing below is an amendment to a previously published defense housing program and also additional new defense housing programs. These amendments are published herein as amendments to Part II (Defense Housing Programs) of the Notice of Housing Programs and Relaxation of Credit Controls in Critical Defense Housing Areas initially published in the FEDERAL REGISTER October 27, 1951 (16 F. R. 10971).

Announcements will be made by the appropriate office of the Federal Housing Administration (which receives and processes applications for exceptions from credit control restrictions on behalf of the Housing and Home Finance Administrator), with respect to each of such additional defense housing programs, of the date for acceptance of applications. Authorizations will be distributed among applicants in accordance with the criteria contained in Housing and Home Finance Agency Regulation CR 3. For the purposes of the additional defense housing programs appearing below preference will be given to locations (within the geographical boundaries of the critical defense housing areas) in established communities nearest the defense activities, with consideration to be given to the availability of adequate community facilities and services, unless the particular defense housing program specifies that preference will be given to defense housing to be located in a designated geographical area (such as a city, village or town) within the aforesaid critical defense housing area.

With respect to any application under HHFA Regulation CR 3 for an exception from residential real estate credit restrictions approved under that regulation as being within the defense housing programs for the additional areas appearing below, residential real estate credit restrictions are suspended.

AMENDMENT TO DEFENSE HOUSING PROGRAM PREVIOUSLY PUBLISHED (16 F. R. 11980, 11985)

The critical defense housing area in the defense housing program numbered 61 and designated as Marysville-Yuba, California, and published in 16 F. R. 11985 (November 28, 1951) is amended to read as follows: "Yuba County; the township of Yuba and the town of Yuba city in Sutter County; and the township of Grass Valley and Nevada, and the cities of Grass Valley and Nevada City in Nevada County."

AMENDMENTS ADDING NEW DEFENSE HOUSING PROGRAMS

Part II of the Notice of Housing Programs and Relaxation of Credit Controls

in Critical Defense Housing Areas appearing in the FEDERAL REGISTER of October 27, 1951 (16 F. R. 10962), and amended on November 28, 1951 (16 F. R. 11980), is hereby further amended by adding the following at the end thereof:

BLACKSTRAP MOLASSES AND RESIDUUM
FROM GULF PORTS AND POINTS IN
LOUISIANA TO CHICAGO, ILL.

APPLICATION FOR RELIEF

DECEMBER 14, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to Agent W. P. Emerson, Jr.'s tariff I. C. C. No. 395.

Commodities involved: Blackstrap molasses and distillery molasses residuum, carloads.

From: Gulf ports and points in Louisiana.

To: Chicago, Ill.

Grounds for relief: Circuitous routes, additional routes, and to maintain port relations.

Schedules filed containing proposed rates: W. P. Emerson, Jr.'s tariff I. C. C. No. 395, Supp. 60.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[Rev. S. O. 874, Corr. 2d. Rev. Gen. Permit 8]

LIVESTOCK FEED WITH HIGH MOLASSES CONTENT

LOADING REQUIREMENTS

Pursuant to the authority vested in me in paragraph (d) of Revised Service Order No. 874 (16 F. R. 2040, 3133), permission is granted for any common carrier by railroad, subject to the Interstate Commerce Act to disregard the provisions of Revised Service Order No. 874 insofar as they apply to any car loaded wholly with livestock feed with high molasses content, when any consignor advises that service would be denied because of its inability to meet the minimum requirements because the hygroscopic properties of the commodity make it unsalable when exposed.

The waybills shall show reference to this corrected second revised general permit, and any consignor forwarding cars under this corrected second revised general permit shall furnish the Permit Agent with the car numbers, initials, weights, and destinations of the cars shipped under this corrected second revised general permit, as well as the car numbers, initials, and weights of all cars loaded with livestock feed with high molasses content; such information to be furnished on the first day of each month.

This corrected second revised general permit shall become effective at 12:01 a. m., December 14, 1951, and shall expire at 11:59 p. m., March 15, 1952, unless otherwise modified, changed, suspended or revoked.

A copy of this corrected second revised general permit has been served

upon the Association of American Railroads, Car Service Division, as Agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement, and notice of this permit shall be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., this 14th day of December 1951.

HOWARD S. KLINE,
Permit Agent.

OFFICE OF DEFENSE MOBILIZATION

[CDHA No. 26]

FINDING AND DETERMINATION OF CRITICAL DEFENSE HOUSING AREAS UNDER THE DEFENSE HOUSING AND COMMUNITY FACILITIES AND SERVICES ACT OF 1951

Upon a review of the construction of new defense plants and installations, and the reactivation or expansion of operations of existing defense plants and installations, and the in-migration of defense workers or military personnel to carry out activities at such plants or installations, and the availability of housing and community facilities and services for such defense workers and military personnel in each of the areas set forth below, I find that all of the conditions set forth in section 101 (b) of the Defense Housing and Community Facilities and Services Act of 1951 (Public Law 139, 82d Cong., 1st Sess.) exist.

Accordingly, pursuant to section 101 of the Defense Housing and Community Facilities and Services Act of 1951 and by virtue of the authority vested in me by paragraph number 1 of Executive Order 10296 of October 2, 1951, I hereby determine that each of said areas is a critical defense housing area.

Salina, Kansas, Area. (The area consists of Saline County, Kansas.)

SECURITIES AND EXCHANGE COMMISSION

WILLIAM F. KENNEY ET AL.

MEMORANDUM OPINION AND ORDER REVOKING
BROKER-DEALER REGISTRATIONS

DECEMBER 11, 1951.

In the matter of William F. Kenney,
1645 Russ Building, San Francisco, Cali-

fornia; Frank S. Lamberton, 221 La Arcada Building, Santa Barbara, California; Sherman M. Miles, 219 North Center Street, Reno, Nevada.

These are proceedings pursuant to section 15 (b) of the Securities Exchange Act of 1934 ("the act") to determine whether the registrants named above, who are registered as broker or as broker and dealer, willfully violated section 17 (a) of the act and Rule X-17A-5 thereunder and, if so, whether it is in the public interest to revoke their registrations.¹

The proceedings were instituted by the issuance of separate notices and orders for hearing, copies of which were sent by registered mail to the addresses last furnished us by the registrants in their registration applications or amendments thereto. These registered notices were returned to us by the Post Office Department with notations indicating that the registrants could not be found at the addresses given.² None of the registrants appeared in person or was represented by counsel on the dates set for hearing.

On November 28, 1942, we promulgated Rule X-17A-5 under section 17 (a) of the act, which provides, among other things, that every registered broker or dealer must file with this Commission a report of financial condition during each calendar year commencing with the year 1943. Promulgation of the rule was announced by publication in the FEDERAL REGISTER, by release to the press, and by distribution to persons on our mailing list.

The registrations of the registrants became effective prior to 1943, have not been withdrawn, cancelled, revoked or suspended, and as of the institution of the proceedings were in full force and effect. Our records show that the registrants failed to file the required reports during any of the years from 1943 through 1950.

Upon review of the records in these proceedings, we have concluded that each of the registrants violated section 17 (a) of the act and Rule X-17A-5 thereunder as a result of failure to file such reports. We conclude also that such violations were willful within the meaning of section 15 (b).³

On the basis of the foregoing, we are of the opinion that it is necessary in the public interest to revoke the registration of each of the registrants. However, in view of the fact that our records do not show whether any of them actually re-

ceived personal notice of the scheduled hearings, and to avoid any possible prejudice to them our order will provide that the revocation of registrations be without prejudice to a motion on the part of any of the registrants to reopen the proceedings and to seek, upon a proper showing, to set aside the order of revocation applicable to said registrant.⁴

Accordingly it is ordered, That the registrations of William F. Kenney, Frank S. Lamberton, and Sherman M. Miles be, and they hereby are, revoked without prejudice to a motion by any of the said registrants to reopen the record in the proceeding naming such registrant and, upon a proper showing, to set aside the order of revocation applicable to said registrant.

By the Commission, Chairman McDonald and Vice Chairman Cook being absent and not participating.

ELECTRIC BOND AND SHARE CO.

ORDER CONTAINING RECITALS IN ACCORDANCE
WITH SUPPLEMENT R OF THE INTERNAL
REVENUE CODE

DECEMBER 12, 1951.

Electric Bond and Share Company ("Bond and Share"), a registered holding company, being under commitment to dispose of all of its holdings of the common stock of Montana Power Company, and having notified the Commission pursuant to Rule U-44 (c) of the rules and regulations promulgated under the Public Utility Holding Company Act of 1935 of its intention to sell to the Pennroad Corporation all of its remaining holdings, namely, 7,200 shares of the common stock of Montana Power Company without payment of any fees or commissions; and

Bond and Share having requested that the Commission issue an order containing findings and recitals in accordance with the meaning and requirements of the Internal Revenue Code, as amended, including section 1808 (f) and Supplement R thereof; and

The Commission having notified Bond and Share pursuant to said Rule U-44 (c) that no declaration need be filed with respect to the proposed transaction:

It is ordered and recited, That the sale and transfer by Electric Bond and Share Company of 7,200 shares of common stock of Montana Power Company to The Pennroad Corporation is necessary or appropriate to the integration of or simplification of the holding company system of which Electric Bond and Share Company is a member, and is necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935 in accordance with the meaning and requirements of the Internal Revenue Code

ALGONQUIN GAS TRANSMISSION CO.

SUPPLEMENTAL ORDER RELEASING JURISDICTION
OVER FEES AND EXPENSES

DECEMBER 12, 1951.

Algonquin Gas Transmission Company ("Algonquin"), a subsidiary of New England Gas and Electric Association, a registered holding company, having filed an application-declaration and amendments thereto, pursuant to sections 6(b) and 7 of the Public Utility Holding Company Act of 1935 and Rule U-50 promulgated thereunder, relating to the proposed issuance and sale privately to insurance companies, in accordance with the terms of a bond purchase agreement, of not less than \$24,000,000 or more than \$27,600,000 principal amount of First Mortgage Pipeline Bonds, 3¾ percent Series, due 1971; and

The Commission by order dated June 21, 1951, (Holding Company Act Release No. 10637), having granted said application and permitted said declaration to become effective, and reserve jurisdiction over all fees and expenses; and by order dated July 24, 1951 (Holding Company Act Release No. 10694), having released jurisdiction over certain fees and expenses and continued jurisdiction with respect to the payment by Algonquin of legal fees and expenses of counsel for the purchasers of the bonds and over any fees of Algonquin's counsel for services rendered following the initial sale of bonds under the bond purchase agreement; and

Algonquin having filed a further amendment proposing to pay Wilkie, Owen, Farr, Gallagher & Walton, counsel for the bond purchasers, legal fees of \$17,500 for services rendered through August 1, 1951, and \$1,470.97 for reimbursement of expenses incurred, and to pay such firm, in connection with subsequent services, nominal out-of-pocket expenses and legal fees in the amount of \$1,200 to \$1,500 for each subsequent sale of bonds under the bond purchase agreement, but not more than \$4,500 in the aggregate; and said amendment also proposing payments to Algonquin's counsel, in connection with services rendered after the initial bond sale, of nominal out-of-pocket expenses and legal fees as follows: To Burns, Blake & Rich, \$500 for each further sale of bonds under the bond purchase agreement, but not more than \$1,500 in the aggregate, and to Palmer, Dodge, Gardner, Bickford & Bradford, \$1,000 for each further sale of bonds under said bond purchase agreement, but not more than \$3,000 in the aggregate; and

The Commission having examined said amendment, and having considered the fees and expenses specified therein

¹ Section 15 (b) provides in part: "The Commission shall, after appropriate notice and opportunity for hearing, by order . . . revoke the registration of any broker or dealer if it finds that such . . . revocation is in the public interest and that (1) such broker or dealer . . . (D) has willfully violated any provision . . . of this title, or of any rule or regulation thereunder."

² Our orders and notices instituting these proceedings provided that the same be published in the FEDERAL REGISTER not later than 15 days prior to the dates of hearing. Pursuant to this provision the orders and notices were published in the FEDERAL REGISTER of September 14, 1951, 16 F. R. 9326-9328.

³ See Sidney Ascher, Securities Exchange Act Release No. 4474 (July 27, 1950).

and having concluded that said fees and expenses are not unreasonable:

It is ordered, That the jurisdiction heretofore reserved with respect to the payment of fees and expenses be, and it hereby is, released.

ARKANSAS NATURAL GAS CORP. AND
ARKANSAS LOUISIANA GAS CO.

NOTICE OF FILING PURSUANT TO PROPOSED
EXTENSION OF BANK LOANS

DECEMBER 12, 1951.

Notice is hereby given that a joint declaration has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("act") by Arkansas Natural Gas Corporation ("Arkansas Natural"), a registered holding company, and its subsidiary, Arkansas Louisiana Gas Company ("Arkansas Louisiana"). Declarants have designated sections 6 (a), 7, and 12 (b) of the act and Rule U-45 thereunder as applicable to the proposed transactions.

All interested persons are referred to said declaration which is on file in the office of the Commission for a statement of the transactions therein proposed, which may be summarized as follows:

Arkansas Louisiana, pursuant to orders of the Commission dated August 6, 1947 (Holding Company Act Release No. 7624), September 6, 1949 (Holding Company Act Release No. 9315), and June 22, 1951 (Holding Company Act Release No. 10641), made certain loans from the Guaranty Trust Company of New York ("Guaranty"), pursuant to a Loan Agreement dated October 15, 1947, and certain supplements thereto. At present the amounts owed Guaranty aggregate \$26,375,000 evidenced by a 2¼ percent installment promissory note in the principal amount of \$6,875,000 (payable in semi-annual installments of \$625,000 each to April 15, 1957), 2½ percent promissory notes in the principal amount of \$2,500,000 due October 15, 1957, and 2¾ percent promissory notes in the principal amount of \$17,000,000 due September 15, 1952.

Arkansas Louisiana proposes to enter into an agreement under which the maturity dates of the 2¾ percent notes, aggregating \$17,000,000 in principal amount, due September 15, 1952, are to be extended to March 15, 1954 and the interest rate changed to 3¼ percent per annum effective October 19, 1951. Under the proposed agreement each of the outstanding notes covered thereunder are to be endorsed with a legend showing the extension of the maturity and the modification of the rate of interest effective October 19, 1951.

In connection with the bank borrowings by Arkansas Louisiana referred to above, Arkansas Natural entered into an agreement with Arkansas Louisiana and Guaranty providing for the subordina-

tion of a 4½ percent Singing Fund Debenture due 1955 of Arkansas Louisiana in the principal amount of \$6,500,000, held by Arkansas Natural, to the payment of the notes issued under the Loan Agreement as supplemented. Similarly, in connection with the proposed extension of maturity of the proposed notes, Arkansas Natural, Arkansas Louisiana and Guaranty propose to enter into a letter agreement providing for the continuation of the subordination agreement with respect to the \$17,000,000 principal amount of notes proposed to be extended and modified.

Fees and expenses have been estimated at \$2,300, of which \$2,000 is for legal fees.

The filing states that the bank loans represent temporary financing pending the consummation of long term bond financing by Arkansas Louisiana contemplated in the reorganization plan of Arkansas Natural, and that the proposed extension of the maturity dates of the notes will allow more adequate time within which said bond financing may be consummated. Declarants request that the Commission's order herein become effective immediately upon the issuance thereof.

Notice is further given that any interested person may, not later than December 24, 1951, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reason for such request, the nature of his interest, and the issues of fact or law raised by said declaration which he desires to controvert, or may request that he be notified if the Commission orders a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after December 24, 1951, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under said act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

By the Commission.

PUBLIC SERVICE CO. OF NEW HAMPSHIRE

SUPPLEMENTAL ORDER AUTHORIZING ISSUANCE AND SALE OF COMMON STOCK AND RELEASING JURISDICTION OVER CERTAIN FEES AND EXPENSES

DECEMBER 13, 1951.

Public Service Company of New Hampshire ("New Hampshire"), a public utility subsidiary of New England Public Service Company, a registered holding company, having filed an application, and amendments thereto, pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 and Rule U-50 promulgated thereunder, regarding the issuance and sale, at com-

petitive bidding, of 235,809 additional shares of Common Stock, \$10 par value; and

The Commission, by order dated December 4, 1951, having granted said application, as amended, subject to the condition, among others, that the proposed sale of common stock by New Hampshire should not be consummated until the results of competitive bidding, pursuant to Rule U-50, and a supplemental order of the New Hampshire Public Utilities Commission approving same, should have been made a matter of record in this proceeding and a further order entered by the Commission in the light of the record so completed; and subject to a reservation of jurisdiction over the payment of all fees and expenses incurred or to be incurred in connection with the proposed transactions; and

A further amendment to said application having been filed, on December 13, 1951, setting forth the action taken by New Hampshire to comply with the requirements of Rule U-50 and stating that, pursuant to the invitation for competitive bids, the following bids were received for the common stock:

Bidder:	Price per share to company
Kidder, Peabody & Co., and Blyth & Co., Inc.	\$21.741
Harriman Ripley & Co., Inc., and Lehman Bros.	21.50

The amendment further stating that New Hampshire has accepted the bid of Kidder, Peabody & Co., and Blyth & Co., Inc., as set out above, and that said stock will be offered to the public at a price of \$23.125 per share, resulting in an underwriting spread of \$1.384 per share, or an aggregate of \$326,360; and

The amendment also including a copy of the supplemental order of the New Hampshire Public Utilities Commission authorizing the issuance and sale of the common stock at the price set forth above; and

The record having been completed with respect to the fees and estimated expenses incurred or to be incurred in connection with the proposed transactions, other than the fee and expenses of the financial adviser, and it appearing that such fees and estimated expenses to be paid by applicant amount to \$48,721, including the following fees and expenses of counsel, accountants and financial adviser:

Counsel for the company:	
Ropes, Gray, Best, Coolidge & Rugg:	
Fee.....	\$10,000
Expenses.....	1,000
Sulloway Piper Jones Hollis & Godfrey:	
Fee.....	2,500
Expenses.....	150
Choate, Hall & Stewart, for services relative to Blue Sky Laws...	700
Accountants:	
Peat, Marwick, Mitchell & Co.:	
Fee.....	3,800
Expenses.....	688
R. J. Harley.....	300
Financial adviser:	
The First Boston Corp.:	
Fee.....	9,000
Expenses.....	3,000

It further appearing that the fees and estimated expenses of Choate, Hall &

Stewart, counsel for the underwriters, which are to be paid by said underwriters, amount to \$5,200; and

The Commission having examined said amendment and having considered the record herein and finding no basis for imposing terms and conditions with respect to the price to be received for said common stock or the underwriters' spread; and also finding that the fees and estimated expenses incurred or to be incurred in connection with the proposed transactions, other than the fee and expenses of the financial adviser as to which the record has not been completed, are not unreasonable, and that jurisdiction with respect thereto should be released:

It is ordered, That the jurisdiction heretofore reserved over the matters to be determined as a result of competitive bidding, pursuant to Rule U-50, with respect to the sale of the common stock be, and the same hereby is, released, and said application, as further amended, be, and the same hereby is, granted, effective forthwith, subject to the terms and conditions prescribed by Rule U-24.

It is further ordered, That the jurisdiction heretofore reserved over the payment of all fees and expenses incurred or to be incurred in connection with the proposed transactions, other than the fee and expenses of the financial adviser, be, and the same hereby is, released, and that jurisdiction be, and the same hereby is, continued with respect to the fee and expenses of the financial adviser.

By the Commission.

MONTAUP ELECTRIC CO.

NOTICE OF FILING OF PROPOSED ISSUANCE OF PROMISSORY NOTES

DECEMBER 12, 1951.

Notice is hereby given that Montaup Electric Company ("Montaup"), an indirect public-utility subsidiary company of Eastern Utilities Associates ("EUA") a registered holding company, has filed a declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 and has designated section 7 of the act as applicable to the proposed transactions which are summarized as follows:

Montaup expects to have outstanding on December 31, 1951, \$12,000,000 face amount of unsecured short-term notes maturing on said date and evidencing borrowings from The First National Bank of Boston ("First National") Montaup proposes to issue to said bank under a new loan agreement unsecured promissory notes in the aggregate amount of \$12,000,000. Each note will bear interest at the prime interest rate existing at its date of issuance (presently 2 3/4 percent) and will mature not later than one year less one day after the date of issue of the first of said notes and in no event later than December 30, 1952.

No. 245—5

The declaration states that Montaup will not issue any of the proposed notes at an interest rate in excess of 3 percent except after the filing of an amendment which, unless the Commission gives notice to the contrary, shall become effective five days after the filing thereof. The declaration further states that First National is not obligated to lend in excess of \$4,000,000 and that First National has received firm participations from other named banks to the extent of \$8,000,000.

The declaration indicates that the proceeds of the proposed notes will be used to repay Montaup's outstanding unsecured promissory notes as at December 31, 1951. The declaration indicates that the proposed notes will be retired by the financing proposed in the presently pending Amended Plan of Reorganization No. 2 of EUA and its subsidiary companies (File No. 54-188).

The declaration indicates that, with respect to the proposed transactions, it is not necessary to secure the approval of any State commission or Federal commission, other than this Commission. The expenses in connection with the proposed transactions are estimated in the declaration at \$1,500 of which \$1,400 represents estimated fees and expenses for legal services. Montaup requests that the Commission's order herein become effective forthwith upon issuance.

Notice is further given that any interested person may, not later than December 26, 1951, request the Commission in writing that a hearing be held on such matters, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said declaration, as filed or as amended, which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW, Washington 25, D. C. At any time after December 26, 1951, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

MILWAUKEE ELECTRIC RAILWAY & TRANSPORT CO. AND WISCONSIN ELECTRIC POWER CO.

NOTICE OF FILING BY NON-UTILITY SUBSIDIARY OF PROPOSED REDEMPTION OF BONDS OWNED BY PARENT HOLDING COMPANY

DECEMBER 13, 1951.

Notice is hereby given that The Milwaukee Electric Railway & Transport

Company ("Milwaukee"), a non-utility company, and its parent company, Wisconsin Electric Power Company ("Wisconsin"), a registered holding company, have filed a joint declaration pursuant to the Public Utility Holding Company Act of 1935 ("act"), particularly section 12 thereof and Rule U-42 of the rules and regulations promulgated thereunder, with respect to the transaction summarized below.

Milwaukee proposes to redeem on or about December 31, 1951, at the principal amount thereof plus accrued interest, \$1,000,000 principal amount of its First Mortgage 4 Percent Bonds. A total of \$4,000,000 principal amount of such bonds are presently outstanding, all of which are owned by Wisconsin. The filing states that Milwaukee has holdings of cash and United States Government securities which in the management's judgment are in excess of its requirements for working capital and other purposes, and that such excess funds can best be utilized for the proposed redemption of debt. Wisconsin seeks authorization to surrender said bonds on the basis described. The proposed transaction is similar, in general, to retirements of debt which Milwaukee has effected from time to time heretofore.

Notice is further given that any interested person may, not later than December 26, 1951, at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by such declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW, Washington 25, D. C. At any time after December 26, 1951, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and U-100 thereof.

GENERAL PUBLIC UTILITIES CORP. AND DOVER CASUALTY INSURANCE CO.

NOTICE OF PROPOSAL TO DISSOLVE SUBSIDIARY INSURANCE COMPANY

DECEMBER 13, 1951.

Notice is hereby given that General Public Utilities Corporation ("GPU"), a registered holding company, and Dover Casualty Insurance Co. ("Dover"), a wholly-owned subsidiary of GPU, have filed a joint application-declaration pursuant to the Public Utility Holding Company Act of 1935, and have designated inter alia sections 11 (b) (1), 12 (c) and 12 (f) of the act and Rules U-23, U-42,

and U-43 thereunder as applicable to the proposed transactions, which are summarized as follows:

It is proposed that Dover, a Delaware corporation, be dissolved pursuant to the provisions of Delaware law, and that all its assets, subject to its liabilities, be transferred to GPU in consideration of the surrender and cancellation of all Dover's outstanding capital stock, consisting of 900 shares of common stock without par value, carried on GPU's books at \$532,000 less a reserve of \$104,400 (or \$427,600 net). Dover has no other securities outstanding.

As of October 31, 1951 Dover's balance sheet showed assets of \$438,347, consisting of United States Treasury Bonds, 2½ percent, carried at their principal amount of \$150,000; Elmira Water, Light and Railroad Company ("Elmira") 5 percent first mortgage bonds due 1956 (\$72,000 principal amount), carried at \$66,360; cash and interest receivable of \$221,987. As of the same date Dover's liabilities and other credits were: current and accrued liabilities \$1,554, reserve for tax contingencies of \$18,735, capital stock and surplus of \$418,058. As an incident to carrying out the program of dissolution, Dover proposes to sell for cash its holdings of Elmira bonds, turning over to GPU only cash and government bonds.

The application-declaration states that Dover was formerly engaged in the business of reinsuring casualty and fire losses applicable to present and former subsidiaries or affiliates of GPU, and that on October 1, 1950, Dover terminated such business preparatory to dissolution as a step toward compliance by GPU with the standards of section 11 (b) (1) of the act. GPU requests that the Commission's order herein conform to the requirements of Supplement R of the Internal Revenue Code.

It is stated that no other regulatory agency has jurisdiction over the proposed transactions, that no underwriting fees or commissions will be paid, and that the expenses will not be significant.

It is requested that the Commission's order be made effective forthwith upon issuance.

Notice is further given that any interested person may, not later than December 28, 1951 at 5:30 p. m. request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date said application-declaration as filed or as amended may be granted and permitted to become effective as provided by Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transac-

tions as provided in Rule U-20 (a) and Rule U-100 thereof.

BRITISH TYPE INVESTORS, INC. AND ALLIED
INTERNATIONAL INVESTING CORP.

NOTICE OF APPLICATION

DECEMBER 12, 1951.

Notice is hereby given that British Type Investors, Inc. ("British Type") and Allied International Investing Corporation ("Allied"), Delaware corporations with offices at 100 West 10th Street, Wilmington, Delaware, have filed an application under section 17 (b) of the Investment Company Act of 1940 requesting an order exempting from section 17 (a) of the act, the purchase by Allied from British Type and the sale to Allied by British Type of 5,800 shares of the capital stock of Automatic Steel Products, Inc. ("Automatic") at current market price on the New York Curb Exchange.

It appears from the application that British Type and Allied are closed-end management investment companies registered under the act. British Type has outstanding 1,198,836 shares of Class A stock held by the public and 33,700 shares of Class B stock most of which are owned or controlled by an officer and director. Allied has outstanding 100,000 shares of capital stock. British Type owns 60.82 percent of the capital stock of Allied. In addition to its investment in Allied, British Type owns all the stock of The Rams-Head Company and 5,800 shares of Automatic which shares are the subject of this application. The principal investment of Allied is 92,500 shares of Automatic representing 43.53 percent of its outstanding shares.

Automatic, a Delaware corporation with its place of business in Canton, Ohio, is engaged in the manufacture and sale of spun steel pulleys, mercury clutches, automobile jacks and water pumps, lifts, tapping machines, and miscellaneous spun, drawn, pressed, machined and brazed steel products, and the sale of abrasive grinding wheels.

The application states that the primary purpose of the sale by British of its 5,800 shares of Automatic is to enable it to reduce or extinguish an outstanding obligation to Automatic now amounting to \$37,074.68. If the proceeds of the sale are more than required for this purpose, the excess will be used to acquire income producing securities or controlled income producing subsidiaries. The primary purpose of the purchase by Allied is to carry out the intent of acquiring 50 percent of the stock of Automatic pursuant to resolutions of Allied's board of directors. Allied has arranged with The Harter Bank & Trust Company of Canton, Ohio, for the loan of the necessary funds, in addition to those in hand

amounting to approximately \$15,000, to effect the proposed transaction. The transaction is proposed to be consummated at the current market price of Automatic stock to be determined by the closing price quoted on the New York Curb Exchange on the business day immediately preceding the date fixed for the consummation of the purchase.

Since the proposed transaction involves the purchase and sale of securities by persons who are registered investment companies and affiliated with each other, such transaction is prohibited by section 17 (a) of the act unless an exemption therefrom is granted by the Commission under section 17 (b) of the act. Accordingly, the application requests an order pursuant to section 17 (b) exempting the proposed transaction from the prohibitions of section 17 (a) of the act.

For a more detailed statement of the matters of fact and law asserted, all persons are referred to said application which is on file in the offices of the Commission in Washington, D. C.

Notice is further given that an order granting the application, in whole or in part and upon such conditions as the Commission may deem necessary or appropriate, may be issued by the Commission at any time on or after January 7, 1952, unless prior thereto a hearing upon the application is ordered by the Commission, as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than January 4, 1952, at 5:30 p. m., submit to the Commission in writing his views or any additional facts bearing upon this application or the desirability of a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. BANKERS SECURITIES CORP. AND NORTHEAST
CORNER ILLINOIS AVENUE AND BOARD-
WALK CORP.

NOTICE OF APPLICATION

DECEMBER 12, 1951.

Notice is hereby given that Bankers Securities Corporation ("Bankers") located at No. 1315 Walnut Street, Philadelphia 7, Pennsylvania, an investment company registered under the Investment Company Act of 1940, has filed an application pursuant to section 17 (b) of the act for an order of the Commission exempting from the provisions of section 17 (a) of the act the proposed purchase by Northeast Corner Illinois

Avenue and Boardwalk Corporation ("Illinois and Boardwalk"), a controlled company of Bankers, of First Mortgage 6 percent Unsubordinated Bonds, Series A, B, and C of A. C. Land Company (the predecessor in title of Illinois and Boardwalk to the real estate covered by such bonds) from Bankers pursuant to tenders to be made by Bankers in response to a general call for tenders made by Illinois and Boardwalk under the sinking fund provisions of the respective Extension Agreements of September 1, 1948, for such series of First Mortgage Bonds.

Bankers has also included in its application a request pursuant to section 6 (c) of the act for an order of the Commission exempting from the provisions of section 17 (a) of the act future purchases by Illinois and Boardwalk of First Mortgage Bonds of A. C. Land Company from Bankers pursuant to tenders which may be made by Bankers in response to any general calls for tenders which may be made by Illinois and Boardwalk under the sinking fund provisions of the respective Extension Agreements for each such series of First Mortgage Bonds.

Bankers has agreed in its application (1) that future general calls for tenders issued by Illinois and Boardwalk for Series A, B and C First Mortgage Bonds of A. C. Land Company shall include a statement as to any proposals of Bankers to tender such bonds together with a statement as to the range in which such tender by Bankers will be made, (2) that such general calls for tenders shall be filed with the Commission when made, in triplicate and (3) that an order of the Commission granting such exemption may be modified or revoked after notice and opportunity for hearing if at any time subsequent facts in the Commission's opinion make such action necessary or appropriate.

Bankers is a closed-end, non-diversified, management investment company. Bankers indirectly controls Illinois and Boardwalk which is a wholly owned subsidiary of Bankers Bond & Mortgage Company, which, in turn, is a wholly owned subsidiary of Bankers Bond and Mortgage Guaranty Company of America which is directly controlled by Bankers through the latter's ownership of 52.2 percent of this company's outstanding voting securities. Illinois and Boardwalk is, therefore, an affiliated person of Bankers.

Bonds repurchased pursuant to the Extension Agreement of September 1, 1948 are subordinated to their outstanding unsubordinated bonds. Illinois and Boardwalk had outstanding as of October 31, 1951, a total of \$261,750 in unsubordinated bonds of Series A, B and C bonds, of which Bankers owns a total of \$108,000 in principal amount.

Bankers proposes to tender bonds in each series in amounts sufficient to exhaust the sinking fund available for each such series of bonds, at a price not yet determined but within a range of 94 to 99 percent of the principal amount (\$750) plus accrued interest. The sum of \$12,543.39 is available for sinking fund

purposes of which \$6,636.13 is allocated to Series A bonds, \$3,544.20 to Series B bonds and \$2,363.06 to Series C bonds in connection with the proposed sinking fund operations.

The acceptance by Illinois and Boardwalk of any tenders of A. C. Land Company bonds from Bankers constitutes a purchase of such bonds by an affiliated person (Illinois and Boardwalk) from a registered investment company (Bankers) and is prohibited by section 17 (a) (2) of the act unless an exemption therefrom is granted by the Commission pursuant to section 17 (b) of the act.

All interested persons are referred to said application which is on file at the Washington, D. C. office of this Commission for a more detailed statement of the matters of fact and law therein asserted.

Notice is further given that an order granting the application may be issued by the Commission at any time on or after January 3, 1952, unless prior thereto a hearing on the application is ordered by the Commission as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than December 31, 1951, at 5:30 p. m., e. s. t., in writing, submit to the Commission his views or any additional fact bearing upon the application or the desirability of a hearing thereon or request the Commission, in writing, that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature and interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.

By the Commission.

[Ceiling Price Regulation 7, Section 43, Special Order 753]

GENERAL ELECTRIC CO.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, General Electric Company, Electronics Department, Electronics Park, Syracuse, N. Y., has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant and intermediate distributors are required to send purchasers of the article a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. *Ceiling prices.* The ceiling prices for sales at retail of radio and television receivers sold through wholesalers and retailers and having the brand name(s) "General (GE) Electric" shall be the proposed retail ceiling prices listed by General Electric Company, Electronics Department, Electronics Park, Syracuse, N. Y., hereinafter referred to as the "applicant" in its application dated November 2, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C.

A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than February 11, 1952, no seller at retail may offer or sell any article covered by

this special order at a price higher than the ceiling price established by this special order. Sales may be made, of course, at less than the ceiling prices.

2. *Marking and tagging.* On and after February 11, 1952, General Electric Company must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order or attach to the article a label, tag, or ticket, stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price \$-----

On and after March 12, 1952, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to March 12, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply as to each such article with the pre-ticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer must comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

3. *Notification to resellers—(a) Notices to be given by applicant.* (1) After receipt of this special order, a copy of this special order and the notice described below shall be sent by the applicant to each purchaser for resale on or before the date of the first delivery of any article covered in paragraph 1 of this special order.

(2) Within 15 days after the effective date of this special order, the applicant shall send a copy of this special order and the notice described below to each purchaser for resale to whom within 2 months immediately prior to the receipt of this special order the applicant had delivered any article covered by paragraph 1 of this special order.

(3) The applicant must notify each purchaser for resale of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described below.

(4) The applicant shall annex to this special order or amendment a notice listing the style or lot number, name, or other description of each item covered by this special order or amendment and its corresponding retail ceiling price. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Item (style or lot number or other description)	Retailer's ceiling price for articles listed in column 1
-----	\$-----

(5) Within 15 days after the effective date of this special order or any amendment thereto, two copies of the ceiling price notice above described must be filed by the applicant with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C.

(6) The applicant must supply each purchaser for resale other than a retailer with sufficient copies of this special order, amendment and notices to permit such purchasers for resale to comply with the notification requirements of this special order.

(b) *Notices to be given by purchasers for resale (other than retailers).* (1) A copy of this special order, together with the annexed notice of ceiling prices described in subparagraph (a) (4) of this section, shall be sent by each purchaser for resale (other than retailers) to each of his purchasers on or before the date of the first delivery after receipt of a copy of this special order.

(2) Within 15 days of receipt of this special order and the annexed notice, each purchaser for resale (other than retailers) shall send a copy of the order and notice to each of his purchasers to whom, within two months prior to receipt of this special order, his records indicate he had delivered any article covered by paragraph 1 of this special order.

(3) Each purchaser for resale (other than retailers) must notify each purchaser of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described above.

4. *Reports.* Within 45 days of the expiration of the first six-month period following the effective date of this special order and within 45 days of the expiration of each successive six-month period, the applicant shall file with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that six-month period.

5. *Other regulations affected.* The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it, regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

6. *Revocation.* This special order or any provisions thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

7. *Applicability.* The provisions of this special order are applicable in the United States and the District of Columbia.

Effective date. This special order shall become effective December 13, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

[Ceiling Price Regulation 7, Sec. 43, Special
Order 8, Amdt. 2]

MICHAELS, STERN & CO., INC.

CEILING PRICES AT RETAIL

Statement of considerations. Special Order 8 under section 43 of Ceiling Price Regulation 7, issued on May 3, 1951, established ceiling prices for sales at retail of men's clothing manufactured by Michaels, Stern & Company, Inc., having the brand names "Courier Cloth", "Worstasheen", "Granada" and "Kulan".

Special Order 260 under section 43 of Ceiling Price Regulation 7, established ceiling prices for sales at retail of topcoats and overcoats manufactured by Levy Bros. & Adler Rochester, Inc., having the brand name "Mt. Rock".

Michaels, Stern & Company, Inc., acquired control of Levy Bros. & Adler Rochester, Inc. Therefore, this amendment adds the "Mt. Rock" line of topcoats and overcoats to those articles for which ceiling prices for sales at retail were established by the special order. This amendment also adds the "Coronet" line of suits and topcoats, and the "Tourcote" line of topcoats and overcoats to those articles for which ceiling prices for sales at retail were established by the special order.

In addition the retail ceiling prices for the applicants branded article, are fixed in relation to costs falling within specified cost brackets. Such cost brackets in place of cost lines for the articles will allow for minor changes in cost without influencing the general level of retail prices for the articles covered by the special order.

The Director has determined on the basis of information available to him that the retail ceiling prices requested are in line with those already granted and are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

Amendatory provisions. Special Order 8 under section 43 of Ceiling Price Regulation 7 is amended in the following respects:

1. Delete paragraph 1, as amended, and substitute therefor the following:

1. The following ceiling prices are established for sales after the effective date of the special order by any seller at retail of men's clothing manufactured by Michaels, Stern & Company, Incorporated, 87 Clinton Avenue North, Rochester 2, New York, having the brand names "Courier Cloth", "Worstasheen", "Granada", "Kulan", "Mt. Rock", "Coronet" and "Tourcote" and described in the manufacturer's three applications all dated March 7, 1951, as supplemented and amended by the manufacturer's applications dated September 10, 1951, and October 11, 1951. The manufacturer's

prices listed below are subject to terms of Net 10 EOM, 30 Extra, with the exception of the manufacturer's prices for the "Mt. Rock" line which are subject to terms of 1/10 NET 30.

[Ceiling Price Regulation 7, Section 43,
Special Order 12, Amdt. 2]

JOSEPH & FEISS CO.

CEILING PRICES AT RETAIL

Statement of considerations. This amendment to Special Order 12 establishes new retail ceiling prices for certain of the applicant's branded articles. These new retail ceiling prices are listed in paragraph 1 of the special order and marked with an asterisk. The ceiling prices established prior to this amendment and still in effect are listed without an asterisk.

The Director has determined, on the basis of information available to him, that the retail ceiling prices requested are in line with those already granted and are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

Amendatory provisions. Special Order 12 under Ceiling Price Regulation 7,

section 43, is amended in the following respects:

1. Delete paragraph 1 of the special order and substitute therefor the following:

1. The following ceiling prices are established for sales by any seller at retail of men's suits, trousers and slacks manufactured or distributed by The Joseph & Feiss Company having the brand name(s) "Mohara" and "Sheddar" and described in the manufacturer's application dated March 15, 1951, and supplemented and amended by the manufacturer's application(s) dated April 11, 1951, August 27, 1951, October 12, 1951, and October 22, 1951.

The ceiling prices listed below which are marked with an asterisk shall become effective on receipt of a copy of this order by the retailer, but in no event later than 30 days after the effective date of this order. Ceiling prices not marked with an asterisk are effective upon the effective date of this order. Sales may, of course, be made below the retail ceiling prices.

The selling prices to retailers listed below are subject to terms of net 30.

2. Delete paragraph 4 of the special order and substitute therefor the following:

4. Within 15 days after the effective date of this special order the supplier shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the supplier had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto issued prior to the date of the delivery.

Within 15 days after the effective date of any subsequent amendment to this special order, the supplier shall send a copy of the amendment to each purchaser to whom, within two months immediately prior to the effective date of such amendment, the supplier had delivered any article the sale of which is

affected in any manner by the amendment.

Effective date. This amendment shall become effective December 13, 1951.

INTERNATIONAL LATEX CORP.

CEILING PRICES AT RETAIL

Statement of considerations. Special Order 70, as amended, established under section 43 of Ceiling Price Regulation 7, ceiling prices at retail for girdles, infant's needs, pillows, tobacco pouches, swim and shower caps, and gloves manufactured by the International Latex Corporation.

Amendment 1 provided a modified method of preticketing the articles covered by Special Order 70.

Amendment 2 added new articles to the operation of the special order, but incorrectly stated the manner in which the articles covered by the special order were to be preticketed. Therefore, this amendment corrects those provisions relating to preticketing which were incorrectly stated in Amendment 2.

Amendatory provisions. Special Order 70, under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. In subparagraph "e" of paragraph 1 insert the designation "and 1 (d)" between the designation "1 (b)" and the word "above".

2. Delete subparagraph "f" of paragraph 1 and substitute therefor the following:

(f) After December 31, 1951, the International Latex Corporation must comply with the marking and tagging provisions appearing in the first two unnumbered paragraphs of paragraph 4 of the amended special order for style numbers and ceiling prices listed in subparagraph 1 (c) above.

On and after February 1, 1952, no retailer may offer or sell any article listed in subparagraph 1 (c) of this special order with the retail ceiling price under this special order unless it is marked or tagged in the form stated in the first two unnumbered paragraphs of paragraph 4 of the special order. Prior to February 1, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this special order.

Effective date. This amendment shall become effective December 13, 1951.

JERKS SOCKS, INC.

CEILING PRICES AT RETAIL

Statement of considerations. Special Order 69 under section 43 of Ceiling Price Regulation 7 established ceiling prices for sales at retail of men's hosiery sold at wholesale for Jerks Socks, Inc.

Jerks Socks, Inc., has filed an application for an amendment to this special order to add new cost lines to those for which ceiling prices were established by the special order.

This amendment permits the establishment of a cost bracket to the retailer, which bracket applies to a specific retail price. The costs of the articles purchased by the retailer should, on the average, fall evenly between the polar ends of each cost bracket and will thus maintain the general historical markup pattern. The establishment of such cost bracket permits minor changes in costs without influencing the general level of retail prices of the articles in question.

The Director has determined, on the basis of information available to him, that the retail ceiling prices requested are in line with those already granted and are no higher than the level of prices under Ceiling Price Regulation 7.

Amendatory provisions. Special Order 69, under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. Delete paragraph 1 from the special order and substitute therefor the following:

1. The following ceiling prices are established for sales after the effective date of this special order by any seller at retail of men's hosiery distributed by Jerks Socks, Inc., 2612 Gilbert Avenue, Cincinnati 6, Ohio, having the brand name "Jerks Socks," and described in the wholesaler's application dated March 12, 1951, as supplemented and amended by the wholesaler's application dated November 8, 1951. The wholesaler's prices listed below are subject to terms of Net 30. Sale may be made, of course, at less than the ceiling prices.

BRENTWOOD SPORTSWEAR

CEILING PRICES AT RETAIL

Statement of considerations. This amendment to Special Order 186 establishes new retail ceiling prices for certain of the applicant's branded articles. These new retail ceiling prices are listed in paragraph 1 of the special order and marked with an asterisk. The ceiling prices established prior to this amendment and still in effect are listed without an asterisk.

The Director has determined, on the basis of information available to him, that the retail ceiling prices requested are in line with those already granted and are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

Amendatory provisions. Special Order 186 under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. Delete paragraph 1 of the special order and substitute therefor the following:

1. The following ceiling prices are established for sales by any seller at retail of denim slacks, spun rayon gabardine slacks and corduroy slacks manufactured or distributed by Brentwood Sportswear, having the brand name "Brentwood Hobby Jeans" and described in the manufacturer's application dated May 31, 1951, and supplemented and amended by the manufacturer's application dated September 4, 1951.

The ceiling prices listed below which are marked with an asterisk shall become effective on receipt of a copy of this order by the retailer, but in no event later than 30 days after the effective date of this order. Ceiling prices not marked with an asterisk are effective upon the effective date of this order. Sales may, of course, be made below the retail ceiling prices.

The selling prices to retailers listed below are subject to terms of 25 percent 10 days E. O. M.

2. Delete paragraph 4 of the special order and substitute therefor the following:

4. Within 15 days after the effective date of this special order the supplier shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the supplier had delivered any article covered in paragraph 1 of this special order. Copies shall also

be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto issued prior to the date of delivery.

Within 15 days after the effective date of any subsequent amendment to this special order, the supplier shall send a copy of the amendment to each purchaser to whom, within two months immediately prior to the effective date of such amendment, the supplier had delivered any article the sale of which is affected in any manner by the amendment.

Special Order 159, Amdt. 1]

KENDALL MILLS DIVISION OF THE
KENDALL CO.

CEILING PRICES AT RETAIL

Statement of considerations. Special Order 159 under section 43 of Ceiling Price Regulation 7 established ceiling prices for sales at retail of diapers, nursery pads, nursery fluffs, nursery bibs, nursery cotton (packages) and nursery masks manufactured by Kendall Mills Division of The Kendall Company.

This amendment reduces the ceiling prices at retail on certain style numbers. These new ceiling prices at retail are listed in this amendment. In addition, this amendment lists the retail ceiling prices, for the other articles, which were established by the special order but which were not listed in the special order.

Since the manufacturer sells to wholesalers in addition to selling to retailers, the manufacturer and intermediate distributor are required by this amendment to send purchasers of the articles a copy of the special order and, in specified cases, of subsequent amendments of the special order.

Amendatory provisions. Special Order 159, under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. Delete paragraph 1 and substitute therefor the following:

1. The following ceiling prices are established for sales after the effective date of this special order by any seller at retail of diapers, nursery pads, nursery fluffs, nursery bibs, nursery cotton (packages) and nursery masks manufactured by Kendall Mills Division of The Kendall Company, Walpole, Massachusetts, having the brand name "Curity" and described in the manufacturer's application dated March 8, 1951, as supplemented and amended in the manufacturer's application dated August 31, 1951. (b) Within fifteen days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the receipt of this special order, the manufacturer had delivered any article covered by paragraph 1 of this special order.

(c) The manufacturer must notify each purchaser for resale of any amendment to this special order in the same manner.

(d) The manufacturer must supply each purchaser for resale, other than a retailer with sufficient copies of this special order and any amendment thereto, to permit such purchasers for resale to comply with the notification requirements of this special order.

(e) A copy of this special order and any amendment thereto shall be sent by each purchaser for resale (other than retailers to each of his purchasers on or before the date of the first delivery after receipt of a copy of this special order.

(f) Within fifteen days of receipt of this special order and amendments thereto, each purchaser for resale (other

HOFFMAN RADIO CORP.

CEILING PRICES AT RETAIL

Statement of considerations. Special Order 249 under section 43 of Ceiling Price Regulation 7 established ceiling prices for sales at retail of television receivers (table models, consoles, combinations and bases) manufactured by Hoffman Radio Corporation, having the brand name "Hoffman."

This amendment to Special Order 249 issued under Section 43 of Ceiling Price Regulation 7 to Hoffman Radio Corporation, adds new models to those for which ceiling prices at retail were established by the special order. These new models are listed in subparagraph 1 (b) of the special order.

The Director has determined, on the basis of information available to him, that the retail ceiling prices requested are in line with those already granted and are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

Amendatory provisions. Special Order 249 under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. In paragraph 1 of the special order insert the subparagraph designation "(a)" after the paragraph designation "1".

2. Following paragraph 1, now appearing in the special order, insert the following:

(b) The following ceiling prices are established for sales after the effective date of the special order by any seller at retail of television receivers (table models and consoles) manufactured by Hoffman Radio Corporation having the brand name "Hoffman," and described in the manufacturer's application dated June 22, 1951, as supplemented and amended by the manufacturer's applications dated July 11, 1951 and November 2, 1951.

Different ceiling prices are established for eastern and western zones. Zone 1 is comprised of the states of California and western Nevada; zone 2 is comprised of the states of Arizona, New Mexico, Utah, Idaho, Western Wyoming and Eastern Nevada; and zone 3 is comprised of all the distributing markets west of the Mississippi river, excepting those specifically included in either zone 1 or

zone 2. The Eastern zone includes the remainder of the United States.

3. Delete the last unnumbered subparagraph of paragraph 2 of the special order (which begins with the words "Upon issuance of any amendment to this special order which either adds an article to those already listed . . ."), and substitute therefor the following:

Upon issuance of any amendment to this special order (including amendment 1 to the special order) which either adds an article to those already listed in the application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply as to each such article with the preticketing requirements of this paragraph within 60 days after the effective date of the amendment, except that the tag, ticket or statement on the articles covered by the amendment must be in substantially the following form:

OPS—Sec. 43—CPR 7
Zone ---- Price \$-----
Warranty \$-----

After 90 days from the effective date of the amendment, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 90 day period, unless the article is so ticketed, the retailer must comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this special order.

Effective date. This amendment shall become effective December 13, 1951.

DETECTO SCALES, INC.

CEILING PRICES AT RETAIL

Statement of considerations. Special Order 274 under section 43 of Ceiling Price Regulation 7 established ceiling prices for sales at retail of scales, brush holders and hampers and scale beams manufactured by Detecto Scales, Inc., having the brand name "Detecto."

This amendment modifies those provisions relating to preticketing usually required by orders of this type and accomplishes the objective of notifying consumers of the uniform prices fixed under the order.

In addition this amendment establishes new retail ceiling prices for certain of the applicant's branded articles and lists the retail ceiling prices for the articles which were established by the special order but which were not listed in the special order.

The Director has determined on the basis of information available to him that the retail ceiling prices requested are in line with those already granted and are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

Amendatory provisions. Special Order 274 under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. Delete paragraph 1 of the special order and substitute therefor the following:

1. The following ceiling prices are established for sales by any seller at retail of scales, brush holders and hampers, scale beams manufactured by Detecto Scales, Inc., 540 Park Avenue, Brooklyn 5, N. Y. having the brand name "Detecto" and described in the manufacturer's application dated April 10, 1951 and supplemented and amended by the manufacturer's applications dated September 14, 1951 and November 20, 1951.

2. Delete paragraph 3 and substitute therefor the following:

3. On and after January 11, 1952, Detecto Scales, Inc. must attach to each article for which a ceiling price has been established in paragraph 1 of this special order with a label, tag or ticket stating the retail ceiling price established by this special order. The label, tag or ticket must state all the prices established by this special order. Each article must have the manufacturer's style number imprinted on the article, so that a consumer can determine the retail ceiling price established by this special order for the article. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Manufacturer's Style No. -----

On and after February 8, 1952, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to February 8, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the

marking, tagging and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to the special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this special order.

3. Delete paragraph 4 of the special order and substitute therefor the following:

4. Within 15 days after the effective date of this special order the supplier shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the supplier had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto issued prior to the date of the delivery.

Within 15 days after the effective date of any subsequent amendment to this special order, the supplier shall send a copy of the amendment to each purchaser to whom, within two months immediately prior to the effective date of such amendment, the supplier had delivered any article the sale of which is affected in any manner by the amendment.

Effective date. This amendment shall become effective December 13, 1951.

[Ceiling Price Regulation 7, Section 43, Special Order 282, Admt. 2]

HANES HOSIERY MILLS CO.

CEILING PRICES AT WHOLESALE AND RETAIL

Statement of considerations. Special Order 282 under section 43 of Ceiling Price Regulation 7 established ceiling prices for sales at retail of women's hosiery manufactured by Hanes Hosiery Mills Co.

Amendment 1 to Special Order 282 established ceiling prices at wholesale for the same articles and also granted an extension of time in which to preticket.

Because of the possibility of confusing the retailers by stating the ceiling

price at retail in relation to the manufacturer's selling price and the wholesale ceiling price, Hanes Hosiery Mills Company has applied for a modification of Amendment 1. Therefore, this amendment lists the wholesale and retail ceiling prices in relation to the manufacturer's style or lot number.

The extension of time for preticketing granted by Amendment 1 is also included in this amendment.

Amendatory provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, Special Order 282 is amended in the following respects:

1. Delete paragraph 1, as amended, from the Special Order and substitute therefor the following:

1. Ceiling Prices. The following ceiling prices are established for sales after the effective date of this special order by any seller at retail and any seller at wholesale of women's hosiery manufactured by Hanes Hosiery Mills Company, Winston-Salem, North Carolina, having the brand name "Hanes" and described in the manufacturer's application dated May 21, 1951, as supplemented and amended in the manufacturer's applications dated August 22, 1951 and November 15, 1951. No seller at retail or wholesale may offer or sell any article covered by this special order at a price higher than the ceiling prices established by this special order. Sales may be made, of course, at less than the ceiling prices. Terms to retailers are either Net 10 or Net 30.

2. Delete paragraph 2 from the special order and substitute therefor the following:

2. Marking and tagging. (a) Prior to January 2, 1952, Hanes Hosiery Mills Company must mark each article listed in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price.

(b) Prior to February 2, 1952, no retailer may offer or sell the article unless it is marked with the retail ceiling price under this order.

(c) On and after January 2, 1952, Hanes Hosiery Mills Co. must mark each article listed in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. The statement "OPS—Sec. 43—CPR 7" must appear on the mark, label, tag or ticket. On and after February 2, 1952, no retailer may

offer or sell the article unless it is marked or tagged in this form.

(d) Upon issuance of any amendment to this special order which either adds an article to those already listed in paragraph 1 of this special order or changes the retail ceiling price of a listed article Hanes Hosiery Mills Co. must comply, as to each such article, with the preticketing requirements of this paragraph within 60 days after the effective date of the amendment. Prior to 90 days from the effective date unless the article is so ticketed, the retailer shall comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this special order. After the expiration of the 90 day period, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph.

3. Delete paragraph 3 and substitute therefor the following:

3. Notification to Resellers—(a) Notices to be given by applicants. (1) After receipt of this special order, a copy of this special order shall be sent by the applicant to each purchaser for resale on or before the date of the first delivery of any article covered in paragraph 1 of this special order.

(2) Within 15 days after the effective date of this special order, the applicant shall send a copy of this special order to each purchaser for resale to whom within two months immediately prior to the receipt of this special order, the applicant had delivered any article covered by paragraph 1 of this special order.

(3) The applicant must notify each purchaser for resale of any amendment to this special order in the same manner.

(4) The applicant must supply each purchaser for resale other than a retailer with sufficient copies of this special order and any amendment thereto, to permit such purchasers for resale to comply with the notification requirements of this special order.

(b) Notices to be given by purchasers for resale (other than retailers).

(1) A copy of this special order and any amendment thereto shall be sent by each purchaser for resale (other than retailers) to each of his purchasers on or before the date of the first delivery after receipt of a copy of this special order.

(2) Within 15 days of receipt of this special order and amendments thereto, each purchaser for resale (other than retailers) shall send a copy of the order and amendments to each of his purchasers to whom, within two months prior to receipt of this special order or amendment, his records indicate he had delivered any article covered by paragraph 1 of this special order.

Effective Date. This amendment shall become effective December 13, 1951.

Special Order 325, Amdt. 2]

WEIL OF CALIFORNIA, INC.

CEILING PRICES AT RETAIL

Statement of considerations. This amendment to Special Order 325 establishes new retail ceiling prices for certain of the applicant's branded articles. These new retail ceiling prices are listed in paragraph 1 of the special order and marked with an asterisk. The ceiling prices established prior to this amendment and still in effect are listed without an asterisk.

The Director has determined, on the basis of information available to him, that the retail ceiling prices requested are in line with those already granted and are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

Amendatory provisions. Special Order 325 under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. Delete paragraph 1 of the special order and substitute therefor the following:

1. The following ceiling prices are established for sales by any seller at retail of earthenware for table use manufactured or distributed by Weil of California, Inc., having the brand name(s) "Malayan Ware" and described in the manufacturer's application dated April 18, 1951, and supplemented and amended by the manufacturer's application(s) dated September 19, 1951 and August 15, 1951.

The ceiling prices listed below which are marked with an asterisk shall become effective on receipt of a copy of this order by the retailer, but in no event later than 30 days after the effective date of this order. Ceiling prices not marked with an asterisk are effective upon the effective date of this order. Sales may, of course, be made below the retail ceiling prices.

2. Delete paragraph 3 of the special order and substitute therefor the following:

3. Notification to resellers—(a) Notice to be given by applicant. (1) After receipt of this special order, a copy of this special order shall be sent by the applicant to each purchaser for resale on or before the date of the first delivery of any article covered in paragraph 1 of this special order.

(2) Within fifteen days after the effective date of this special order, the applicant shall send a copy of this special order to each purchaser for resale to whom, within two months imme-

diately prior to the receipt of this special order, the applicant has delivered any article covered by paragraph 1 of this special order.

(3) The applicant must notify each purchaser for resale of any amendment to this special order in the same manner.

(4) The applicant must supply each purchaser for resale, other than a retailer, with sufficient copies of this special order and any amendment, to permit such purchasers for resale to comply with the notification requirements of this special order.

(b) Notice to be given by purchasers for resale (other than retailers). (1) A copy of this special order shall be sent by each purchaser for resale (other than retailers) to each of his purchasers on or before the date of the first delivery after receipt of a copy of this special order.

(2) Within fifteen days of receipt of this special order, each purchaser for resale (other than retailers) shall send a copy of the order to each of his purchasers to whom, within two months prior to receipt of this special order, his records indicate he had delivered any article covered by paragraph 1 of this special order.

(3) Each purchaser for resale (other than retailers) must notify each purchaser of any amendment to this special order in the same manner.

Effective date. This amendment shall become effective December 13, 1951.

[Ceiling Price Regulation 7, Section 43, Special Order 757]

CHARLES WM. DOEPKE MFG. CO.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, The Charles Wm. Doepke Mfg. Company, Emerald Avenue, Rossmyne, Ohio has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant and intermediate

distributors are required to send purchasers of the article a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. **Ceiling prices.** The ceiling prices for sales at retail of toys sold through wholesalers and retailers and having the brand name(s) "Model Toys" shall be the proposed retail ceiling prices listed by The Charles Wm. Doepke Mfg. Company, Emerald Avenue, Rossmoynne, Ohio, hereinafter referred to as the "applicant" in its application dated November 14, 1951 and filed with the Office of Price Stabilization, Washington 25, D. C.

A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than March 13, 1952, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may be made, of course, at less than the ceiling prices.

2. **Marking and tagging.** On and after March 13, 1952, The Charles Wm. Doepke Mfg. Company must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order or attach to the article a label, tag, or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price \$-----

On and after April 12, 1952, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to April 12, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply as to each such article with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of

the sixty-day period, unless the article is so ticketed, the retailer must comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

3. **Notification to resellers—(a) Notices to be given by applicant.** (1) After receipt of this special order, a copy of this special order and the notice described below shall be sent by the applicant to each purchaser for resale on or before the date of the first delivery of any article covered in paragraph 1 of this special order.

(2) Within fifteen days after the effective date of this special order, the applicant shall send a copy of this special order and the notice described below to each purchaser for resale to whom within two months immediately prior to the receipt of this special order the applicant had delivered any article covered by paragraph 1 of this special order.

(3) The applicant must notify each purchaser for resale of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described below.

(4) The applicant shall annex to this special order or amendment a notice listing the style or lot number, name, or other description of each item covered by this special order or amendment and its corresponding retail ceiling price. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Item (style or lot number or other description)	Retailer's ceiling price for articles listed in column 1
-----	\$-----

(5) Within 15 days after the effective date of this special order or any amendment thereto, two copies of the ceiling price notice above described must be filed by the applicant with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C.

(6) The applicant must supply each purchaser for resale other than a retailer with sufficient copies of this special order, amendment and notices to permit such purchasers for resale to comply with the notification requirements of this special order.

(b) **Notices to be given by purchasers for resale (other than retailers).** (1) A copy of this special order, together with the annexed notice of ceiling prices described in subparagraph (a) (4) of this section, shall be sent by each purchaser for resale (other than retailers) to each of his purchasers on or before the date of the first delivery after receipt of a copy of this special order.

(2) Within 15 days of receipt of this special order and the annexed notice, each purchaser for resale (other than retailers) shall send a copy of the order and notice to each of his purchasers to whom, within two months prior to receipt of this special order, his records indicate he had delivered any article covered by paragraph 1 of this special order.

(3) Each purchaser for resale (other than retailers) must notify each purchaser of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described above.

4. **Reports.** Within 45 days of the expiration of the first six-month period following the effective date of this special order and within 45 days of the expiration of each successive six-month period, the applicant shall file with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that six-month period.

5. **Other regulations affected.** The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it, regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

6. **Revocation.** This special order or any provisions thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

7. **Applicability.** The provisions of this special order are applicable in the United States and the District of Columbia.

Effective date. This special order shall become effective December 14, 1951.

Special Order 754]

CLUB ALUMINUM PRODUCTS CO.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Club Aluminum Products Co., 1250 Fullerton Avenue, Chicago 14, Illinois, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant and intermediate distributors are required to send purchasers of the article a copy of this spe-

cial order, a notice listing retail ceiling prices for each cost line and, in special cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. **Ceiling prices.** The ceiling prices for sales at retail of aluminum and glass cooking utensils sold through wholesalers and retailers and having the brand name(s) "Club" shall be the proposed retail ceiling prices listed by Club Aluminum Products Co., 1250 Fullerton Avenue, Chicago 14, Illinois, hereinafter referred to as the "applicant" in its application dated September 19, 1951 and filed with the Office of Price Stabilization, Washington 25, D. C.

A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than February 13, 1952, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may be made, of course, at less than the ceiling prices.

2. **Marking and tagging.** On and after February 13, 1952, Club Aluminum Products Co. must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order or attach to the article a label, tag, or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price \$-----

On and after March 13, 1952, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to March 13, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply as to each such article with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the sixty-day period, unless the ar-

ticle is so ticketed, the retailer must comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

3. **Notification to resellers—(a) Notices to be given by applicant.** (1) After receipt of this special order, a copy of this special order and the notice described below shall be sent by the applicant to each purchaser for resale on or before the date of the first delivery of any article covered in paragraph 1 of this special order.

(2) Within fifteen days after the effective date of this special order, the applicant shall send a copy of this special order and the notice described below to each purchaser for resale to whom within two months immediately prior to the receipt of this special order the applicant had delivered any article covered by paragraph 1 of this special order.

(3) The applicant must notify each purchaser for resale of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described below.

(4) The applicant shall annex to this special order or amendment a notice listing the style or lot number, name, or other description of each item covered by this special order or amendment and its corresponding retail ceiling price. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Item (style or lot number or other description)	Retailer's ceiling price for articles listed in column 1
-----	-----
	\$-----

(5) Within 15 days after the effective date of this special order or any amendment thereto, two copies of the ceiling price notice above described must be filed by the applicant with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C.

(6) The applicant must supply each purchaser for resale other than a retailer with sufficient copies of this special order, amendment and notices to permit such purchasers for resale to comply with the notification requirements of this special order.

(b) **Notices to be given by purchasers for resale (other than retailers).** (1) A copy of this special order, together with the annexed notice of ceiling prices described in subparagraph (a) (4) of this section, shall be sent by each purchaser for resale (other than retailers) to each of his purchasers on or before the date of the first delivery after receipt of a copy of this special order.

(2) Within 15 days of receipt of this special order and the annexed notice, each purchaser for resale (other than retailers) shall send a copy of the order and notice to each of his purchasers to whom, within two months prior to receipt of this special order, his records indicate he had delivered any article covered by paragraph 1 of this special order.

(3) Each purchaser for resale (other than retailers) must notify each purchaser of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described above.

4. **Reports.** Within 45 days of the expiration of the first six-month period following the effective date of this special order and within 45 days of the expiration of each successive six-month period, the applicant shall file with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that six-month period.

5. **Other regulations affected.** The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it, regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

6. **Revocation.** This special order or any provisions thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

7. **Applicability.** The provisions of this special order are applicable in the United States and the District of Columbia.

Effective date. This special order shall become effective December 14, 1951.

[Ceiling Price Regulation 7, Section 43, Special Order 755]

LIBERTY ELECTRIC CO., INC.

CEILING PRICES AT RETAIL AND WHOLESALE

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Liberty Electric Co., Inc., 1915-35 Madison Avenue, Indianapolis, Indiana, has applied to the Office of Price Stabilization for maximum resale prices for retail and wholesale sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant and intermediate distributors are required to send purchasers of the articles a copy of this

special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. **Ceiling prices.** The ceiling prices for sales at retail and wholesale of electric hot plates and space heaters sold through retailers and wholesalers and having the brand name(s) "Liberty" shall be the proposed retail and wholesale ceiling prices listed by Liberty Electric Co., Inc., 1915-35 Madison Avenue, Indianapolis, Indiana hereinafter referred to as the "applicant" in its application dated October 1, 1951 and filed with the Office of Price Stabilization, Washington 25, D. C.

A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than February 13, 1952, no seller at retail or wholesale may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may be made, of course, at less than the ceiling prices.

2. **Marking and tagging.** On and after February 13, 1952, Liberty Electric Co., Inc. must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order or attach to the article a label, tag, or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price \$-----

On and after March 13, 1952, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to March 13, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply as to each such article with the preticketing requirements of this paragraph within 60 days after the effective date of the amendment. After 90 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of

the 90 day period, unless the article is so ticketed, the retailer must comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

3. **Notification to resellers—(a) Notices to be given by applicant.** (1) After receipt of this special order, a copy of this special order and the notice described below shall be sent by the applicant to each purchaser for resale on or before the date of the first delivery of any article covered in Paragraph 1 of this special order.

(2) Within fifteen days after the effective date of this special order, the applicant shall send a copy of this special order and the notice described below to each purchaser for resale to whom within two months immediately prior to the receipt of this special order the applicant had delivered any article covered by paragraph 1 of this special order.

(3) The applicant must notify each purchaser for resale of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described below.

(4) The applicant shall annex to this special order or amendment a notice listing the style or lot number, name, or other description of each item covered by this special order or amendment and its corresponding retail ceiling price and corresponding wholesale ceiling price. The notice shall be in substantially the following form:

(Column 1)	(Column 2)	(Column 3)
Item (style or lot number or other description)	Retailer's ceiling price for articles listed in column 1	Wholesaler's ceiling price for articles listed in column 1
-----	\$-----	\$-----

(5) Within 15 days after the effective date of this special order or any amendment thereto, two copies of the ceiling price notice above described must be filed by the applicant with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C.

(6) The applicant must supply each purchaser for resale other than a retailer with sufficient copies of this special order, amendment and notices to permit such purchasers for resale to comply with the notification requirements of this special order.

(b) **Notices to be given by purchasers for resale (other than retailers).** (1) A copy of this special order, together with the annexed notice of ceiling prices described in sub-paragraph 3 (a) (4) of this section, shall be sent by each purchaser for resale (other than retailers) to each of his purchasers on or before the date of the first delivery after receipt of a copy of this special order.

(2) Within 15 days of receipt of this special order and the annexed notice, each purchaser for resale (other than retailers) shall send a copy of the order and notice to each of his purchasers to whom, within two months prior to receipt of this special order, his records indicate he had delivered any article covered by paragraph 1 of this special order.

(3) Each purchaser for resale (other than retailers) must notify each purchaser of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described above.

4. **Reports.** Within 45 days of the expiration of the first 6-month period following the effective date of this special order and within 45 days of the expiration of each successive 6-month period, the applicant shall file with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6-month period.

5. **Other regulations affected.** The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it, regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

6. **Revocation.** This special order or any provisions thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

7. **Applicability.** The provisions of this special order are applicable in the United States and the District of Columbia.

Effective date. This special order shall become effective December 14, 1951.

Statement of considerations. In accordance with Section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Sunbeam Corporation, Electric Appliance Division, 5600 W. Roosevelt Road, Chicago 50, Illinois, has applied to the Office of Price Stabilization for maximum resale prices for retail and wholesale sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The articles covered by this special order are not adaptable to the usual method of preticketing. Therefore, this special order modifies those provisions relating to preticketing usually required by orders of this type and accomplishes the objective of notifying consumers of the retail ceiling prices for the articles

which are established by the accompanying special order. The applicant and intermediate distributors are required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. **Ceiling prices.** The ceiling prices for sales at retail and wholesale of toasters, mixers, waffle irons, coffee makers, egg cookers, irons, bottle warmers, hedge trimmers, sprinklers, and animal clippers sold through retailers and wholesalers and having the brand name(s) "Sunbeam" shall be the proposed retail and wholesale ceiling prices listed by Sunbeam Corporation, Electric Appliance Division, 5600 W. Roosevelt Road, Chicago 50, Illinois, hereinafter referred to as the "applicant" in its application dated November 12, 1951 and filed with the Office of Price Stabilization, Washington 25, D. C.

A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than February 13, 1952, no seller at retail or wholesale may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may be made, of course, at less than the ceiling prices.

2. **Marking and tagging.** On and after February 13, 1952, Sunbeam Corporation, Electric Appliance Division must attach a tag, sticker or stamp to each carton containing an article for which a ceiling price has been established in paragraph 1 of this special order. This mark or statement must state the retail ceiling price for the article and must be in the following form:

OPS—Sec. 43—CPR 7
Price \$-----

On and after March 13, 1952, no retailer may offer or sell the article unless a tag, sticker or stamp described above is attached to the carton containing the article. Any article on open display must have a label, tag or ticket described above attached to the article. Prior to

March 13, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply as to each such article with the pre-ticketing requirements of this paragraph within 60 days after the effective date of the amendment. After 90 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 90 day period, unless the article is so ticketed, the retailer must comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

3. **Notification to resellers.**—(a) **Notices to be given by applicant.** (1) After receipt of this special order, a copy of this special order and the notice described below shall be sent by the applicant to each purchaser for resale on or before the date of the first delivery of any article covered in Paragraph 1 of this special order.

(2) Within fifteen days after the effective date of this special order, the applicant shall send a copy of this special order and the notice described below to each purchaser for resale to whom within two months immediately prior to the receipt of this special order the applicant had delivered any article covered by Paragraph 1 of this special order.

(3) The applicant must notify each purchaser for resale of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described below.

(4) The applicant shall annex to this special order or amendment a notice listing the style or lot number, name, or other description of each item covered by this special order or amendment and its corresponding retail ceiling price and corresponding wholesale ceiling price. The notice shall be in substantially the following form:

(Column 1)	(Column 2)	(Column 3)
Item (style or lot number or other description)	Retailer's ceiling price for articles listed in column 1	Wholesaler's ceiling price for articles listed in column 1
-----	\$-----	\$-----

(5) Within 15 days after the effective date of this special order or any amendment thereto, two copies of the ceiling price notice above described must be

filed by the applicant with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C.

(6) The applicant must supply each purchaser for resale other than a retailer with sufficient copies of this special order, amendment and notices to permit such purchasers for resale to comply with the notification requirements of this special order.

(b) Notices to be given by purchasers for resale (other than retailers):

(1) A copy of this special order, together with the annexed notice of ceiling prices described in subparagraph 3 (a) (4) of this section, shall be sent by each purchaser for resale (other than retailers) to each of his purchasers on or before the date of the first delivery after receipt of a copy of this special order.

(2) Within 15 days of receipt of this special order and the annexed notice, each purchaser for resale (other than retailers) shall send a copy of the order and notice to each of his purchasers to whom, within two months prior to receipt of this special order, his records indicate he had delivered any article covered by paragraph 1 of this special order.

(3) Each purchaser for resale (other than retailers) must notify each purchaser of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described above.

4. **Reports.** Within 45 days of the expiration of the first 6-month period following the effective date of this special order and within 45 days of the expiration of each successive 6-month period, the applicant shall file with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6-month period.

5. **Other regulations affected.** The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it, regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

6. **Revocation.** This special order or any provisions thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

7. **Applicability.** The provisions of this special order are applicable in the United States and the District of Columbia.

Effective date. This special order shall become effective December 14, 1951.

MICHAEL V. DiSALLE,
Director of Price Stabilization.

DECEMBER 13, 1951.
